TOWN OFFICERS FOR THE YEAR 1911-1912.

Town Clerk.

JOHN A. RAYMOND. P. O. address, East Weymouth

Town Treasurer.

JOHN H. STETSON. P. O. address, South Weymouth

Selectmen and Overseers of the Poor.

EDWARD W. HUNT, *Chairman*. P. O. address, Weymouth
BRADFORD HAWES, *Clerk*. P. O. address, East Weymouth
GEORGE L. NEWTON, WILLARD J. DUNBAR,
A. FRANCIS BARNES.

Assessors.

GILMAN B. LOUD, <i>Chairman</i>	.	.	Term expires 1914
FRANK H. TORREY, <i>Clerk</i>	.	.	Term expires 1913
WALDO TURNER	.	.	Term expires 1912
JOHN F. DWYER	.	.	Term expires 1913
WARREN T. SIMPSON	.	.	Term expires 1914

Collector of Taxes.

WINSLOW M. TIRRELL. P. O. address, East Weymouth

Auditors.

JOHN P. HUNT, WILLIAM H. PRATT,
FRANK N. BLANCHARD.

Engineers of the Fire Department.

JOHN Q. HUNT, *Chief*. P. O. address, East Weymouth
WALTER W. PRATT, *Clerk*. P. O. address, East Weymouth
MATTHEW O'DOWD, DEFOREST A. JONES,
CHARLES W. BAKER.

School Committee.

THOMAS V. NASH	Term expires 1912
JOHN F. REARDON	Term expires 1912
H. FRANKLIN PERRY	Term expires 1913
CLARENCE P. WHITTLE	Term expires 1913
LESTER H. HORNE	Term expires 1914
A. LILLIAN MCGREGOR	Term expires 1914

Board of Health.

DR. GEORGE E. EMERSON, <i>Chairman</i>	Term expires 1913
JOHN S. WILLIAMS	Term expires 1912
NELSON B. GLADWIN	Term expires 1914

Superintendent of Schools.

PARKER T. PEARSON. P. O. address, East Weymouth

Park Commissioners.

LOUIS A. COOK	Term expires 1914
WILLIAM H. CLAPP	Term expires 1912
ARTHUR H. ALDEN	Term expires 1913

Tree Warden.

CHARLES L. MERRITT.

Trustees of Tufts Library.

WILLIAM A. DRAKE	Term expires 1914
FRANCIS M. DROWN	Term expires 1914
JOSEPH E. GARDNER	Term expires 1914
JOHN B. HOLLAND	Term expires 1912
LOUIS A. COOK	Term expires 1912
WILLIAM F. HATHAWAY	Term expires 1912
JAMES H. FLINT	Term expires 1913
CLARENCE P. WHITTLE	Term expires 1913
FREDERICK T. HUNT	Term expires 1913

Superintendent of Streets and Water.

IVERS M. LOWE. P. O. address, East Weymouth

Registrars of Voters.

PATRICK E. CORRIDAN	Term expires 1914
BENJAMIN F. SMITH	Term expires 1912
MARSHALL P. SPRAGUE	Term expires 1913
JOHN A. RAYMOND, <i>Town Clerk (ex-officio).</i>	

Water Commissioners.

GEORGE E. BICKNELL . . .	Term expires 1914
FRANK H. TORREY . . .	Term expires 1912
DOUGLAS M. EASTON . . .	Term expires 1913
EDWARD W. HUNT, <i>Chairman of Selectmen (ex-officio)</i> .	
JOHN H. STETSON, <i>Town Treasurer (ex-officio)</i> .	

Sealer of Weights and Measures.

FRANK D. SHERMAN.	P. O. address, Weymouth
-------------------	-------------------------

Burial Agent for Indigent Soldiers.

WALDO TURNER.	P. O. address, East Weymouth

Constables.

ISAAC H. WALKER,	GEORGE W. NASH,
PATRICK BUTLER,	THOMAS FITZGERALD,
ARTHUR H. PRATT,	JOHN D. WALSH,
GEORGE B. BAYLEY,	GEORGE W. CONANT,
JOHN L. MAYNARD,	ELBERT FORD.

Commissioners of Ward Two Schoolhouse Sinking Fund.

HENRY A. NASH . . .	Term expires 1914
FRANK H. TORREY . . .	Term expires 1912
WILLARD J. DUNBAR . . .	Term expires 1913

REPORT OF SELECTMEN.

To the Inhabitants of the Town of Weymouth:

The undersigned, Selectmen of the Town of Weymouth, hereby submit their report for the year ending December 31, 1911, together with the annexed schedule of appropriations and the payments made thereunder, as prepared by the Town Accountant, also the list of persons selected and proposed for jury service.

APPOINTMENTS AND WORK THEREUNDER.

As a large part of the administrative work of the town is done by appointed officers, and the degree of success attained is dependent largely upon the wisdom of the appointments; in other words, in getting the right man in the right place; it seems appropriate that we should review briefly the work of the principal officers appointed by this board, while referring to the several reports of these officers and boards for a detailed statement of the work performed by them.

TOWN COUNSEL.—Albert P. Worthen was reappointed as Town Counsel, to serve his eleventh year in that capacity. Not the least of the many duties devolving upon our Town Counsel of late years is that of guarding the interests of the town in regard to matters before legislative committees, and we wish especially to record our appreciation of the services of Mr. Worthen in connection with the passage of the act of the last legislature providing for the construction of a new bridge over Back River, with a fifty foot draw to comply with the requirements of the United States War Department, and also the act which provided for the reconstruction of the Fore River bridge, now approaching completion.

TOWN ACCOUNTANT —At a joint meeting of the Board of Selectmen and the Water Board, Charles B. Cushing was reappointed to the position of accountant, to serve his tenth year in that capacity. His salary was made the same as for the previous years, viz., \$850 to be paid by the Selectmen and \$250 by the Water Board. Much extra work has devolved upon the accountant in the preparation of reports for the State Bureau of Statistics, which that Bureau is authorized to require under the provisions of Chapter 371, Section 6, of the Acts of 1909. This work has necessitated the employment of an assistant by Mr. Cushing for a considerable part of the time, and we have allowed him extra compensation therefor to the amount of \$50, which was paid from

the miscellaneous account. The foregoing amount will not adequately pay for the work which will be involved in the preparation of these reports in the year to come. To enable the accountant to employ the assistance which will be necessary on account of this extra work we recommed that \$100 be added to the amount of his salary.

SUPERINTENDENT OF STREETS.—By the joint action of the two boards before mentioned, Ivers M. Lowe was reappointed for his tenth term as Superintendent of Streets and Water, his salary of \$1,700.00 to be paid as heretofore, \$950.00 by the Selectmen and \$750.00 by the Water Board.

For the purpose of compliance with law, Mr. Lowe was at a subsequent meeting of this board appointed Superintendent of Streets. As the Superintendent treats at considerable length in his report of the work done by his department, it would seem superfluous for us to devote space to the same matters.

The opinion seems to be somewhat prevalent that we have outgrown the time when the two positions of Superintendent of Streets and Superintendent of Water can be satisfactorily combined in one man, especially as for a considerable portion of the year either position is exacting enough to require the best efforts of one man. The combination of the two positions is practicable only by continuing a foreman in each ward, who really fills the position of a deputy superintendent. Considerable criticism has been made in the past that too much money is paid for superintending. Under the system which has been in vogue, this practice of employing five foremen seems unavoidable. We submit, as a matter worthy of the most careful consideration, whether the time has not arrived, when in the interests of efficiency and economic administration we should have the greater part of our street work done by one or two gangs working under the direct supervision and control of the superintendent.

POLICE.—The appointments of salaried police were as follows : Chief, Thomas Fitzgerald ; Inspector, Patrick Butler ; night patrol, George W. Nash, Arthur H. Pratt, John D. Walsh, Elbert Ford.

The number of our regular police force is not large for a town of thirteen thousand population, but when the territory which its work is necessarily spread over is considered we must acknowledge that it is fairly effective in the enforcement of law and the preservation of order. For details we refer to the report of the Chief.

There have been appointed during the year thirty-three special police, most of whose appointments were asked for particular purposes.

Any or all of these could be called on for service in case of need, and the greater part of them would probably make fairly capable officers.

A communication received from the State Board of Health in regard to the lock-up in Ward Two is in part as follows :

“The basement location, inadequate ventilation, light and sanitation make the lock-up unsuitable for use. A change in location or a new building is recommended.”

It would seem that the town must consider the building of a new lock-up in this section, and we would suggest that inasmuch as a central police station is one of the problems we shall have to face before many years that it would be well to consider the necessary accommodation for the same in connection with this lock-up.

FIRE ENGINEERS.—The Board of Fire Engineers appointed for the year ending May 1, 1912, consists of Deforest A. Jones, John Q. Hunt, Charles W. Baker, Walter W. Pratt and Matthew O'Dowd. These men are all well known as having performed long, capable and enthusiastic service in the fire department, and their work as a board has been harmonious and conducted with good judgment and ability.

The engineers have repeatedly impressed upon this board that the feature of their work which gives them the most uneasiness is the uncertain and inadequate provision they are able to make in securing horses to move the apparatus to fires.

It seems certain that if our fire department is to maintain a degree of efficiency which will be at all satisfactory that we must at once make a beginning in the introduction of automobile fire trucks. The report of the committee appointed at the last Town Meeting to consider the advisability of purchasing a fire truck for Ward Two will be found in this report. We believe the committee has given earnest work to the matter entrusted to it, and its recommendations are entitled to careful consideration.

REGISTRARS OF VOTERS.—The Registrars of Voters is one of the important appointive boards of town officers, whose work has not been as conspicuous as it should be, as the Board has not heretofore submitted a report for print. We think this omission should be remedied in the future. The Town Clerk is by virtue of his office a member of this Board, and the term of the other three members is for three years, the term of one expiring each year. The member whose term expired the past year was Patrick E. Corridan, and he was reappointed. The summary of the work of the registrars is as follows :

Registered voters	2853
Dropped for all causes	224
New names added	205
Total number of registered voters December 31	2834

SURVEY AND PLOTTING OF TOWN.—The survey and plotting of the Town has remained under the efficient management of Russell H. Whiting, and gratifying progress has been shown in the progress sheets of the work. At the close of this season's field work it was brought practically to the southerly line of Ward Four, and the sheets for the same are expected to be completed for the use of the Assessors the coming season.

The work of revising the sheets year by year, which is necessary to make them of practical value to the Assessors, constitutes a very considerable part of the work. This has thus far all been included in and paid for from the general appropriation, though by so doing the amount of new work is diminished in corresponding proportion thereto.

These survey sheets are being more and more generally referred to, not only by the Assessors but by the public as well.

The report of Mr. Whiting, which appears on another page, treats in detail of the work accomplished and of that remaining.

Mr. Whiting cordially invites any of our citizens who are interested in the work to visit his office, where he or his assistants will show the methods and progress of the work.

SUPERINTENDENT OF GYPSY AND BROWN TAIL MOTH WORK.—Charles L. Merritt having been re-elected by the town as Tree Warden was also reappointed as superintendent of moth work, Mr. Merritt takes a genuine interest in the work of his department and with the knowledge and experience acquired seems well fitted for the position.

It was noticeable to all observing persons that the past season has shown our street trees more free from the ravages of insect pests than at any time since the advent of the moths and elm leaf beetles. We trust that with the facilities now available for the destruction of these pests that this freedom from their destructive work may be maintained. This, however, can only be expected by co-operation on the part of property owners in continuing the war of extermination.

The balance of the appropriation is ample for carrying on the work until April 1st.

The amount of the liability of the town under the law for the ensuing State year to December 1, 1912, is \$3,461.62. If work in excess of the liability is required by the State Forester the amount of such excess is paid by the State.

SEALER OF WEIGHTS AND MEASURES.—Frank D. Sherman was reappointed Sealer of Weights and Measures.

The Sealer works under the authority of law and of the State Commissioner of Weights and Measures. His duties, perhaps, touch the personal interests of more of the inhabitants of the town than those of any other town officer.

All of the weights and measures by which goods are bought and sold have to be tested by him, and his faithfulness and accuracy in the performance of the duties of his office are the guarantee the purchaser has that he is receiving in quantity what he pays for.

INSPECTOR OF ANIMALS. — F. Wilbur Loud was reappointed Inspector of Animals. He is under the authority of the Chief of the Cattle Bureau, and he must inspect all domestic animals and the premises where the same are kept when so required by the Chief. A general inspection is usually ordered once, or it may be twice a year, and inspection of particular premises as occasion may require; especially of dairy animals which he may have reason to suppose are affected with tuberculosis, or horses with glanders.

BILLS PAYABLE.

The following notes become payable in 1912 :—

Athens schoolhouse . . .	\$2,500 00
Pratt schoolhouse . . .	1,000 00
Fore River Bridge . . .	1,000 00
General town purposes . . .	2,000 00

All of the above are serial notes for which the Assessors are required by law to provide without further action by the town.

STATE ROAD.

As the Board was satisfied that the remaining section of the state road on Main street could not be worked by the town without the sinking of a larger amount than it felt was justifiable, a waiver was signed to the Highway Commission of the town's right to work it and this and a section in Abington were let out together at contract by the commission.

This street is now completed into Abington.

HIGHWAY APPROPRIATION.

It will be noted by the Accountant's report that the appropriation for highway repairs is overdrawn to the amount of \$253.37. It should be stated that a bill to the Gas Company for the use of the road roller which was unpaid at the close of the year and is a credit to the account will more than cover this overdraft.

WASHINGTON STREET REPAIRS.

Extensive repairs or rebuilding of Washington street, from its junction with Main street to the Hingham line, is an urgent necessity. This will include the widening of and rebuilding of both the bridge over Mill River and that at Whitman's Pond, which will necessitate a large outlay. The Board made application to

the Highway Commission for an appropriation on this street, under the provisions of Chap. 525, Acts of 1910, which provides for a certain portion of the amount received from automobile fees being expended by the Commission in repairing, improving, constructing or maintaining town or county highways which are or may be used as through routes or which connect one city or town with another. The Commission declined to grant our application on the ground that the town had made no appropriation for the same purpose. It seems to us advisable for an appropriation to be made by the town to be expended only on condition that the Commission grant a like amount.

GUIDE BOARDS.

The guide boards required by law to be maintained are for the most part in serviceable condition.

PLAYGROUNDS AND BATH HOUSES.

Having accepted the provisions of law applying to the acquiring of land for the purpose of playgrounds for children, we seem as a town to have forgotten the matter or to have decided that the need no longer exists. Those of us who were children forty years ago or more recall the fact that we then found plenty of open spaces which we were permitted to occupy as playgrounds. Have we not forgotten the fact that most of the places we then utilized for that purpose have been built upon or passed to uses which make them no longer available? With a child population twice as large as it then was the places which they may use for purposes of play seem woefully inadequate. We recommend that some action, even if nothing more than the appointment of a committee to consider the matter, be taken at the next annual meeting.

Another matter of hardly less importance confronts us. Our water front is being rapidly taken up and utilized for building purposes, and the large summer population, and the resident population as well, have a right to expect that some facilities be provided to enable them to enjoy the pleasures of sea bathing without trespassing on the rights of others.

PUBLIC RECORDS.

The Revised Laws, Chapter 35, Section 18, reads as follows: "Officers and boards in charge of a State department, County Commissioners, City Councils and Selectmen shall, at the expense of the Commonwealth, County, City or Town respectively, provide and maintain fire-proof rooms, safes or vaults for the safe keeping of the public records of their department, County, City or Town, other than the records in the custody of teachers of the public schools, and shall furnish such rooms only with fittings of non-combustible materials."

Section 22 is in part as follows: "A public officer who refuses or neglects to perform any duty required of him by this chapter shall, for each month of such neglect or refusal, be punished by a fine of not more than twenty dollars."

Our vault fittings are of wood, and the Commissioner of Public Records has given formal notice to the Board that these must be replaced with non-combustible material. He has considerably refrained from forcing us to action until we could bring the matter before the Town and obtain an appropriation therefor. We have plans from two concerns which do work of this character, and plans are expected from two other companies. We have not yet received definite proposals, but the cost will be between four and five hundred dollars.

OLD COLONY GAS COMPANY.

In the latter part of the month of January the Selectmen were visited by E. M. Farnsworth, of the firm of E. M. Farnsworth & Co., who informed the board that his company held an option on the Plymouth County Gas Company's holdings and that they proposed to take over the company and carry out the plan of furnishing gas to this and neighboring towns if they can secure a change in the condition in the permit which provides that the company shall furnish gas at \$1 per 1,000 feet, making it \$1.25 net, and also secure an extension of time when they shall be ready to distribute their product from July 1, 1911, to January 1, 1912.

The rating of this company for integrity and financial ability was investigated, and it was found that they stood first-class in every respect, and were not people who would undertake an enterprise which they were not able to carry through. This Board then modified the permit, conforming with the action of other interested towns, making the price at which gas shall be furnished to consumers \$1.25 net per 1,000 cubic feet instead of \$1, and later it was further modified by extending the time limit at which gas is to be furnished to consumers to January 1, 1912.

Under date of May 24, 1911, E. M. Farnsworth & Co. wrote as follows: "You may be interested to know that we have just taken over all the stock of the Plymouth County Gas Light and Power Company, and that Mr. Nevins and his associates have resigned as officers of the company.

We have also come to an understanding with the Gas Commissioners and expect to begin work at once.

At the time of reorganization the name of the company was changed to the Old Colony Gas Company. From this time on work moved rapidly with the new company. Pipes were laid in most of the main streets of this and adjoining towns, and in many of the side streets. The plant in East Braintree was completed and ready to turn the gas into the mains at the time specified.

Our relations with the officers of the company have been agreeable, and we have found them ready at all times to entertain suggestions and to co-operate with the town authorities in maintaining a safe condition of the streets during the progress of their work.

We believe that gas has an important place in the domestic and business economy of the inhabitants of the town and consider its introduction the most important event to us since the advent of the street railway system. It adds one more to the many inducements before existing which tend to make our town a desirable and commodious place in which to live, and should have an appreciable influence in enhancing the value of property.

SUITS AT LAW.

The action of Thomas F. Brady against the town to recover for personal services as a fireman at the pumping station rendered Sundays and overtime from April, 1902, to July, 1905, was tried before a jury in the Superior Court at Dedham in October, resulting in a verdict in favor of the town. A motion by the plaintiff to have the verdict set aside and a new trial granted was subsequently argued, but overruled. The case is now disposed of.

The petition of Louis A. Cook against the town for an assessment of his land damages in consequence of a taking made in the widening of Pleasant Street, came to trial as the first case at the October sitting of the Superior Court at Dedham. During the course of the trial it developed that certain interests entitled to notice under the statute were technically not before the court, and the case was taken from the jury by the presiding justice and continued. The case is still pending.

During the summer an application to the Attorney-General was made by Robert I. Steele for the filing of an information in equity to enjoin the Superintendent of Streets from obstructing an alleged public way across the open space near the intersection of Church and North Streets at Weymouth Heights. The obstruction complained of was the setting up of edgestones or curbing across the ends of said way and along both North and Church Streets.

The Selectmen opposed the granting of the relief asked for, and after a hearing with witnesses the Attorney-General refused the use of his name to the information.

The case of James J. Naughton against the Town to recover \$748.25 with interest, as money paid for alleged invalid tax titles, and referred to Winfield S. Slocum, Esq., as Auditor, has been partially tried. It is still pending.

The Selectmen, on behalf of the Town, have brought in the Superior Court for this County a petition under Revised Laws, Chapter 11, Sections 134-137, asking for the appointment of a

special commission to determine by whom the work of widening the grade crossing on Wharf Street should be done, and on whom the expenses of same shall fall, as well as the further charges for keeping such crossing and approaches thereto in repair. The petition has not been heard.

WEYMOUTH FORE RIVER BRIDGE.

By the provisions of Chapter 230 of the Acts of 1911, approved April 1, 1911, the County Commissioners of the County of Norfolk and the trustees having charge of the bridge over the Weymouth Fore River were authorized and directed within one year after the passage of the Act to make such repairs to the existing bridge as said County Commissioners and said trustees, with the approval of the Board of Harbor and Land Commissioners, should deem reasonably necessary and proper, and to widen the draw in said bridge so that it shall have an opening not less than 125 feet wide.

Acting under the provisions of said chapter, said County Commissioners and said trustees seasonably proceeded to carry out its provisions, and the work has very nearly reached the stage of completion.

This has resulted in a much stronger structure and an increased width of draw, with an electrical apparatus for its operation.

The expenses of these repairs and alterations are to be borne by the County of Norfolk and the cities, towns and corporations found by the Commissioners appointed under Section 3 of Chapter 456 of the Acts of 1900, and acts in addition thereto and in amendment thereof, except that the Fore River Shipbuilding Company, for whose benefit the width of the draw was increased, has agreed to bear one-half of the expense of the draw widening, not exceeding, however, the sum of \$22,500, and has filed its bond with the treasurer of the County of Norfolk conditioned so to do.

METROPOLITAN PARKS.

An appeal to the full bench of the Supreme Judicial Court was taken by the cities of Boston and Cambridge from the decree accepting the award of the Commissioners appointed to determine the apportionment among the cities and towns constituting the Metropolitan Parks District of the annual payments required to reimburse the Commonwealth for the cost and maintenance of the Metropolitan Parks and the Charles River Basin.

The decree was affirmed, however, and a report of the case may be found in 209 Mass. 381.

This last apportionment, covering the five-year period 1910 to 1915, is the most favorable to Weymouth of any heretofore made,

and has resulted in reducing the amount annually paid by the Town, as may be seen in the following tabulation :

1900	\$2,539 61
1901	2,798 84
1902	3,086 80
Interest on deferred payments	238 63
1903	3,083 93
1904	3,398 93
1905	3,533 00
1906	1,879 04
1907	3,229 27
1908	3,537 34
1909	3,622 66
1910	3,818 86
1911	1,389 78
<hr/>	
Total	\$37,256 69
To the above should be added paid on account of	
Charles River Basin	1,988 17
<hr/>	
	\$39,244 86

WEYMOUTH BACK RIVER BRIDGE.

A few years ago the United States Government by purchase and by eminent domain acquired title to the land on both sides of the Weymouth Back River from the bridge to about 8,300 feet above as a site for a naval magazine. About 600 acres of this land lies in Hingham and about 100 acres in Weymouth.

The Government began the development of this property by the erection of buildings, the laying of railroad tracks, the construction of a wharf above the bridge and has established a naval magazine for the storage of ammunition for supplying vessels of the navy.

Under date of March 16, 1910, the towns of Weymouth and Hingham and the city of Quincy were served with a notice to the effect that the Secretary of War, acting under the rivers and harbors act of March 3, 1899, had good reason to believe that the bridge was an unreasonable obstruction to the free navigation of the river on account of insufficient width of the draw opening, and that it was proposed to require the same to be widened to a clear width of not less than fifty feet and suitable fenders provided for the safe and easy passage of vessels, and that these changes would be required by the thirty-first of December, 1910.

At a hearing on the matter before Lieut.-Col. Burr, of the Corps of Engineers, on April 8, 1910, it was pointed out by Weymouth, Hingham and Quincy that these municipalities had no

funds which could be legally applied to such a purpose and the trustees representing them no authority except to look after the care and maintenance; that the existing structure was adequate and convenient for all highway purposes and the draw of sufficient width to accommodate all navigation locally required except that of the United States Government; that the construction is such that to increase the width of the draw from 24 feet to not less than 50 feet would be such a substantial alteration that good engineering would require the construction of an entirely new bridge in place of the present one.

As a result of these representations the Secretary of War extended the time within which the required changes must be made to June 30, 1911.

Thereupon, in compliance with what good faith which the Government required, the said two towns and city, by their respective Board of Selectmen and City Council, on November 29, 1910, filed a petition to the General Court praying for legislation that would provide the requisite authority and funds to do the work.

Based upon this petition chapter 739 of the Acts of 1911 was enacted.

This Act provides that the three members of the Board of Harbor and Land Commissioners, the Chairman of the County Commissioners of Norfolk County and the Chairman of the County Commissioners of Plymouth County are appointed as a Board of Bridge Commissioners, and are authorized and directed to remove the existing bridge and to construct a new one with a draw having an opening of not less than 50 feet in width, at an expense not exceeding \$80,000; the cost and expense to be borne as follows: Forty-five per cent. by the Commonwealth of Massachusetts, twenty per cent. by the county of Norfolk, twenty per cent. by the county of Plymouth and fifteen per cent. by the street railway company. It also provides that any sum that may be received from the United States in reimbursement of these expenditures shall be distributed in the same proportion. After the bridge has been built and paid for the expense of maintenance is to be borne by the two counties and street railway company.

Soon after the Board of Bridge Commissioners, as constituted under the above act, took up the consideration of its duties, the engineer of the Board, for the purpose of this work informed the Board, after a careful study of the situation, that a suitable bridge complying with all the requirements of the United States Government could not be built for \$80,000, therefore the Board hesitated about doing anything until the situation had been laid before another Legislature, which did not convene until January, 1912. Meantime, under date of November 16, 1911, the Secretary of War, on account of nothing having been actually done in the way

of widening the draw, notified the trustees that a fine of \$5,000 a month was running against the bridge authorities since June 30, 1911, and that unless prompt compliance with his original order was made the penalty would be invoked.

Accordingly the Bridge Commissioners were prevailed upon to make an opening in the bridge of sufficient width to meet the immediate necessity of the Government, and an opening about 60 feet wide was so made on or about December 20, 1911. Jurisdiction over the bridge having been now assumed by the Bridge Commissioners acting under the provisions of said Chapter 739, it can probably be safely said that the control, expense and responsibility of the bridge has passed from that of the trustees representing Weymouth, Hingham and Quincy.

By this transition, Weymouth ceases to be burdened, as it has been for more than forty years, with one-half the expense of repair, maintenance and operation of the bridge. The smallest political division upon which the expense for these things will hereafter fall, is the county.

Substantially at the same time the above petition to the Legislature was filed, a bill was introduced into Congress providing that a portion of the cost of the draw should be borne by the general government.

This bill was vigorously opposed by the War Department, but it finally passed both branches of Congress at the last regular session, but failed to receive the approval of the President. It was again tried at the special session last summer and passed the Senate, but in common with many other measures of like character was not taken up by the House. It is again upon the calendar of the present session and is expected to receive favorable action.

The Bridge Commissioners have filed a petition to be taken up by the Legislature of 1912 asking that the amount authorized to be expended in the construction of the new bridge be increased from \$80,000 to \$105,000. This increase to be borne in the same proportions as the original amount.

Respectfully submitted,

JOHN H. STETSON, *Treasurer.*

WEYMOUTH, December 31, 1911.

We have examined the accounts of John H. Stetson, treasurer of the Elias S. Beals Park Fund, the Augustus J. Richards Fund and the James Humphrey Schoolhouse Fund, and have found them correct.

JOHN P. HUNT,
WILLIAM H. PRATT,
FRANK N. BLANCHARD,
Auditors.

AUDITORS' REPORT.

The report for the year 1911 is as follows: We have in compliance with the Public Statutes examined the books and accounts of the Town Treasurer, Treasurer of the Water Loan and Sinking Fund Commissioners' Beals Park Fund, Treasurer of the Tufts Library and of the Sealer of Weights and Measures and find them correct.

The accounts and securities of the Tufts Lecture Fund, Tufts Cemetery Fund, Tufts Sidewalk Fund, Pratt School Fund and the Augustus J. Richards Fund have also been examined and the investments found to be satisfactory.

We find the Registers of the Town Accountant and the cash book of the Treasurer agree as to the amount of orders paid and balance remaining unpaid January 1, 1912.

Balance of orders unpaid January 1, 1911	\$6,904 14
Amount of orders drawn during the year 1911	393,040 49
Total	<u>\$399,944 63</u>
Amount of orders paid by the Treasurer for 1911	392,374 92
Balance of orders unpaid January 1, 1912	<u><u>\$7,569 71</u></u>

TAX COLLECTORS.

We have examined the books of the Tax Collectors beginning with the year 1905, and submit the following report:

1905.

Tax levy of 1905, as per Assessors' commitment		\$165,407 32
Interest collected to January 1, 1912		2,722 39

JOHN P. HUNT,
WILLIAM H. PRATT,
FRANK N. BLANCHARD,
Auditors.

REPORT OF THE TOWN ACCOUNTANT.

WEYMOUTH, MASS., January 1, 1912.

To the Board of Selectmen and Overseers of the Poor:

GENTLEMEN:—The tenth annual report of the Accounting Department is herewith submitted, showing in detail the expenditures of the town during the past year.

Respectfully,

CHARLES B. CUSHING,
Town Accountant.

EXPENDITURES IN DETAIL FOR 1911.

CHARLES B. CUSHING,
Town Accountant.

REPORT OF THE OVERSEERS OF THE POOR.

The Board of Overseers of the Town of Weymouth respectfully submit the following report for the year ending December 31, 1911 :

TOWN HOME AND FARM.

Soon after the election of the present board we were informed by Joseph Cummings and wife that they proposed to terminate their services as superintendent and matron of the home with the year ending April 1, 1911.

These positions had been held by Mr. and Mrs. Cummings continuously since April 1, 1905, and their service had, we believe, been faithful and conscientious. We regretted to learn of their decision to terminate their labors at the home, both for the reason that they had the confidence and esteem of the people of the town and also because of the difficulty of finding suitable people to fill these responsible positions together. After careful consideration of all the applications received by us, we engaged Mr. and Mrs. Henry F. Cater of Rochester, New Hampshire, at a salary of \$800, and they entered upon their duties the first week in April. On the farm Mr. Cater is perfectly at home. He has clear ideas of the objects he wishes to accomplish and knows how to attain them.

Notwithstanding the long continued spell of dry weather in the summer the corn crop was the largest yet harvested on the farm since the silo was built.

The hay crop was very light by reason of the drought.

The vegetable gardens produced an abundance for the use of the home, both for summer and winter.

Mrs. Cater has demonstrated her willingness and ability to manage the house in a manner which insures the comfort and well-being of the inmates and with due regard to the economic interests of the establishment. Her care of the sick and infirm has been all that could be asked. In this respect the year has been an unusually trying one upon the matron on account of the number who have been in failing health by reason of age and infirmity.

Eight inmates have died during the year, six of whom ranged in age from seventy-two to eighty-two years. The other two, one a man of sixty-one and the other a woman of forty-seven, were brought to the home in advanced stages of illness and lived but a few weeks after admission.

There has been for the whole or a portion of the year sixty different inmates, the largest number, we think, in the history of the house, of whom forty-nine were males and eleven females. Of this number nine were boarders or chargeable to the State.

Of the above number there remain at the close of the year thirty-nine.

The ages of the inmates are as follows :

Between 20 and 30 years of age	.	.	.	1
“ 30 and 40 “ “	.	.	.	1
“ 40 and 50 “ “	.	.	.	4
“ 50 and 60 “ “	.	.	.	14
“ 60 and 70 “ “	.	.	.	15
“ 70 and 80 “ “	.	.	.	18
“ 80 and 90 “ “	.	.	.	7

The net cost of the establishment has been \$5,676.23.

The cost per week for each inmate, \$3.55.

There is one long-felt want at the home, the remedying of which ought not to be longer delayed. We refer to the total lack of any place for assembling the inmates, either for Sunday services, for funerals, or any other purpose.

In our opinion the time has come when a chapel room should be built onto the house to serve the purposes above named, and we earnestly recommend that an appropriation therefor be made at the next annual meeting of the town.

POOR OUT OF THE HOUSE.

The number of those aided out of the house has varied but slightly from that of the previous year. Several families which have been aided for a number of years have become self-supporting by reason of the older children becoming of age to assist in their support, but others have taken their places, so that the number is not materially reduced.

The whole number aided has been 230 individuals in 122 families of one or more. Of these, 90 were males and 140 females.

One hundred and twenty were adults and 110 minors.

Thirty-seven were above 60 years of age; 11 were physically disabled; 3 were epileptics, and 10 were cases of temporary support in city hospitals. The above total number includes 52 individuals with settlements in Weymouth who were aided elsewhere and 81 having no settlement here, the cost of whose assistance is refunded by the State or by other cities and towns.

The cost for aid to the outside poor has been as follows:

For the town's poor	\$8,065 09
For those having no settlement in Weymouth	1,732 35
Total	<hr/> \$9,797 44

The total number of the town's poor, including those supported at the home and those aided outside, was two hundred and nine; being one for every sixty-two of the population.

The cost of our poor is a heavy item of the town's expenses, but with the present high cost of the necessities of life we see no immediate prospect of any material reduction therein.

TOWN PHYSICIANS.

The physicians appointed in the work of this department for the year ending June 1, 1911, were as follows: Ward One and the Town Home, William A. Drake; Ward Two, John C. Fraser; Ward Three, Granville Tinkham; Ward Four, Karl H. Granger; Ward Five, Edward N. Mayberry.

To fill a vacancy occasioned by the death of Dr. Tinkham, Franklin P. Virgin was appointed.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Overseers of the Poor of Weymouth.

REPORT OF THE SUPERINTENDENT OF THE TOWN
HOME.

To the Overseers of the Poor of Weymouth :

GENTLEMEN — By your request, I herewith submit to you my report for the year ending December 31, 1911 :

On April 3 I took charge of your town home and farm, a stranger to all, and fully aware that my system of conducting the affairs of the institution would be commented upon. I trust that my efforts have not all been in vain, and that in some respects they have met your approval.

The farm crops have, I think, been fairly satisfactory, especially when the unfavorable weather conditions of the past season are considered.

The fields have all been cleared of bushes and can now be plowed and cultivated to the extreme edge of the entire fields.

During the season there has been laid 355 squares of genesco roofing on the wood shed, wagon house and the old men's smoking room.

The interior of the cow barn has been remodelled, new floors laid, cement cribs and improved stanchions installed, making it more convenient and adding much to the health and comfort of the cows.

A new corn harvester and other farm machinery was bought, and I believe you are satisfied that the money for the same proved to be well invested.

To the Overseers of the Poor, whose advice and good judgment have been of great value, I extend my sincere thanks ; also to William A. Drake, M. D., whose kindness and efficiency in caring for the unfortunates in the home during the past year have been fully appreciated.

Respectfully submitted,

HENRY F. CATER,

Superintendent.

TOWN CLERK'S REPORT.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Weymouth aforesaid qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit : In precincts numbered One, Three, Five, and Six, in the halls of the Fire Engine Houses located in those precincts respectively ; in precinct numbered Two, at the Odd Fellows Opera House, and in precinct numbered Four, at the Hose House at Nash's Corner, on Monday, the sixth day of March next, at five o'clock and forty-five minutes in the forenoon, then and there to bring in to the wardens of their several precincts their votes on one ballot for the following named town officers, to wit : Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, two Assessors for three years, Collector of Taxes, three Auditors, two School Committee for three years, one Water Commissioner for three years, one member of the Board of Health for three years, one Park Commissioner for three years, three Trustees of Tufts Library for three years, one Commissioner for the Sinking Fund of the James Humphrey School House for three years, one Tree Warden and ten Constables ; and to vote on the same ballot, " Yes " or " No " upon the following question :

" Shall licenses be granted for the sale of intoxicating liquors in this town ? "

The polls will be opened at a quarter before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants qualified to vote as aforesaid to meet at the Town Hall, on Monday, the thirteenth day of March next, at nine o'clock and fifteen minutes in the forenoon, then and there to act on the following articles, namely :

ARTICLE 1. To choose a Moderator for said meeting.

Art. 2. To choose all necessary town officers other than those elected by ballot, viz. : Public Weighers, Surveyors of Wood, Lumber and Bark, two or more Fence Viewers, two or more Field Drivers, and one Pound Keeper.

Art. 3. To hear and act upon the reports of the several boards of town officers and of any committee appointed at any former meeting, and to choose any committees the town may think proper.

Art. 4. To see if the town will authorize its Treasurer, with the approval of a majority of the Board of Selectmen, to borrow, during the municipal year beginning January 1, 1911, in anticipation of the collection of taxes of said year such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy of said year, giving the note or notes of the town therefor, payable within one year of the dates thereof.

Art. 5. To see if the town will designate the First National Bank of South Weymouth, the First National Bank of Boston and the Shawmut National Bank of Boston as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., as a legal depository for the securities of the town.

Art. 6. To see what sum of money the town will vote to raise and appropriate for the support of public schools and for transportation of pupils to and from school.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the repair of highways, townways and bridges and for the removal of snow.

Art. 8. To see what sum of money the town will vote to raise and appropriate for the relief and support of the poor.

Art. 9. To see what sum of money the town will vote to raise and appropriate for the relief of disabled soldiers and seamen and for the families of disabled soldiers and seamen, under Chapter 79 of the Revised Laws.

Art. 10. To see what sum of money the town will vote to appropriate for the payment of State and Military Aid and for burials, under the provisions of Chapter 468, of the Act of 1909, and to determine how much of the same shall be raised by taxation.

Art. 11. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

Art. 12. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 13. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

Art. 14. To see what sum of money the town will vote to raise and appropriate for the maintenance of a public reading room at the Fogg Library.

Art. 15. To see what sum of money the town will vote to raise and appropriate for the abatement and remittance of taxes.

Art. 16. To see what provision the town will make for the payment of a note of \$2,000 which becomes due November 1, 1911.

Art. 17. To see what sum of money the town will vote to raise and appropriate for the payment of interest which may become due the ensuing year.

Art. 18. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

Art. 19. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

Art. 20. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

Art. 21. To see what sum of money the town will vote to raise and appropriate for the rent and care of town offices.

Art. 22. To see what sum of money the town will vote to raise and appropriate for care and repair of the Town Hall.

Art. 23. To see if the town will vote to instruct the Selectmen to renew the lease of the rooms in the East Weymouth Savings Bank Building or take any action in relation thereto.

Art. 24. To see if the town will vote to raise and appropriate the sum of \$50 for the care and maintenance of the town parks.

Art. 25. To see what sum of money the town will vote to raise and appropriate for the suppression of gypsy and brown tail moths.

Art. 26. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

Art. 27. To see what sum of money the town will vote to raise and appropriate for election expenses.

Art. 28. To see what sum of money the town will vote to raise and appropriate for the expenses of the Board of Health,

Art. 29. To see what sum of money the town will vote to raise and appropriate for electric lighting of the streets.

Art. 30. To see what sum of money the town will vote to raise and appropriate toward the sinking fund for the payment at maturity of the James Humphrey School House bonds.

Art. 31. To see if the town will authorize the Selectmen, under the provisions of Acts of 1910, Chap. 624, Sec. 1, to appoint a Town Accountant and determine the salary to be paid him.

Art. 32. To see if the town will vote to appropriate from the revenue of the water works for the current year the sum of \$29,120 to be expended for the following purposes, viz. : \$19,920 for interest on the Weymouth water loan bonds becoming due the ensuing year; \$7,500 for Superintendent's salary, maintenance of works and pumping station; and \$1,700 for current expenses, Commissioners and office expenses.

Art. 33. To see if the town will appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$10,000 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Art. 34. To see if the town will vote to appropriate the sum of \$5,000 for the purpose of making further construction of the water works.

Art. 35. To see if the town will vote to appropriate the sum of \$5,000 for hydrants and for the water rents and care of drinking fountains.

Art. 36. At the request of the Water Commissioners: To see if the town will vote to authorize the Board of Water Commissioners to purchase, subject to the approval of the State Board of Health, such land bordering the shore of Weymouth Great Pond, as in the judgment of said commissioners, may be deemed necessary for the purpose of protecting the town's water supply from pollution, and to provide for payment of land so purchased.

Art. 37. To determine in what manner taxes shall be collected the ensuing year and to fix the rate of interest on all taxes remaining unpaid after the time fixed for payment.

Art. 38. To see what sum of money the town will vote to raise and appropriate for the preservation of shade trees, the same to be expended under the direction of the Tree Warden.

Art. 39. To see what sum of money the town will vote to raise and appropriate for the purpose of continuing the survey and plotting of the town.

Art. 40. To see if the town will authorize its Selectmen to commence suit for the recovery of any money or property due it.

Art. 41. To see what provision the town will make for any deficiencies in the appropriations of the current financial year or for any overdrafts already made.

Art. 42. To see if the town will authorize its Selectmen to contract with the Massachusetts Highway Commission for the construction of a section of the state highway on Main Street.

Art. 43. To see if the town will authorize its Selectmen to sell any real estate of which it may be possessed and for which it has no further use.

Art. 44. To see if the town will authorize the Treasurer, with the approval of a majority of the Board of Selectmen, to borrow the sum of \$6,000 for general town purposes, giving the notes of the town therefor on such time and at such rate of interest as the town may vote.

Art. 45. On petition of Henry B. Reed and fifteen others, not members of the Grand Army of the Republic: To see if the town will convey to Reynolds Post 58 Corporation the unused house and

grounds of the Bicknell School, on Commercial Street, for use as a headquarters and for the use of the auxiliary patriotic organizations associated with them in their work, or for the purpose of making it a Memorial Building to commemorate the history of the citizen soldiers of Weymouth, or act in any other manner in relation thereto.

Art. 46. To see if the town will accept the provisions of Sections 42 to 45 inclusive, of Chapter 49 of the Revised Laws, as affected by Chapter 216 of the Acts of 1908, in relation to establishing and constructing sidewalks.

Art. 47. To see if the town will accept the provisions of Sections 1 to 9 inclusive, of Chapter 50 of the Revised Laws, as affected by Chapter 216 of the Acts of 1908, in relation to laying out, relocating, altering, widening, grading or discontinuing a town way.

Art. 48. On petition of Emery L. Bradford and twenty-nine others: To see if the town will authorize the Assessors to abate the tax assessed on the property of the Clapp Memorial Association for the year 1909 or will itself abate said tax or raise and appropriate a proper and sufficient sum of money to pay the same or take any other action in relation thereto.

Art. 49. On petition of George H. Nelson and fourteen others: To see if the town will vote to place a fire alarm box on Commercial Street at its junction with Union Avenue.

Art. 50. On petition of J. Rupert Walsh and sixty others: To see if the town will raise and appropriate the sum of \$5,000 for the purchase of an automobile combination chemical and hose wagon to be located in East Weymouth, or take any other action in relation thereto.

Art. 51. On petition of W. T. Dizer and fifteen others: To see if the town will vote to establish an electric light at the junction of Chard Street and Hillside Avenue.

Art. 52. On petition of John W. Barrett and thirteen others: To see if the town will vote to establish an electric light on Shawmut Street, opposite the residence of Michael Vendre.

Art. 53. On petition of John S. Sheehan and eleven others: To see if the town will vote to place an electric light on East Street, in front of gravel pit.

Art. 54. On petition of A. L. Ruso and nine others : To see if the town will vote to place an electric light on Canterbury Street.

Art. 55. On petition of Anna M. Shipp and nine others : To see if the town will vote to install an electric light at the junction of Ramblers Way and Rosemont Road.

Art. 56. On petition of Helen G. Cahill and eighteen others : To see if the town will raise and appropriate a sufficient sum of money for the maintenance of an electric light at the junction of Sea Street and a private way known as Ocean avenue.

Art. 57. On petition of Ashton S. Frothingham and fourteen others : To see if the town will vote that a permanent electric light be placed on the town street known as Wessagusset Road, at or near its junction with the private way known as Hobomac Road.

Art. 58. On petition of John Riley and ten others : To see if the town will instruct the electric light committee to place an incandescent light at the head of Foye Avenue in Ward Three, opposite or thereabout the premises of James Donovan or of Maurice Daly.

Art. 59. On petition of James L. Lincoln and nineteen others : To see if the town will install an electric light on Madison Street, opposite the factory occupied by Alden, Walker & Wilde.

Art. 60 On petition of W. M. Tirrell and ten others : To see if the town will instruct the electric light committee to place an electric light on Broad Street, opposite the East Weymouth Post Office.

Art. 61. On petition of Joseph D. Sargent and others : To see if the town will instruct the electric light committee to locate and maintain two electric lights on the street known as Parnell Street.

Art. 62. On petition of George L. Haupt and eighteen others : To see if the town will instruct the electric light committee to place an electric light at the corner of Curtis and Neck Streets in said Weymouth, and to raise and appropriate money for the same.

Art. 63. On petition of William S. Wallace and thirty-two others : To see if the town will instruct the electric light committee to install an electric light on Summer Street in said town, at or near the residence of William S. Wallace.

Art. 64. On petition of Elis Milette and eighteen others : To see if the town will instruct its electric light committee to install three electric lights on Norton Street, beginning at North Street.

Art. 65. On petition of Joseph A. Cushing and nine others : To see if the town will instruct the Water Commissioners not to issue licenses for boating and fishing on Weymouth Great Pond.

Art. 66. On petition of Philip E. Monroe and nine others : To see if the town will vote to instruct the Selectmen to grant the use of the Town Hall to any body of legal voters of the town of Weymouth for political and educational purposes at the actual cost of janitor and lighting.

Art. 67. To see if the town will instruct the Board of Assessors to make a new and complete valuation of the property in the town, appoint assistant Assessors to aid in making same and provide for their compensation or act in any manner relating thereto.

Art. 68. On petition of Arthur N. Gardner and twenty-four others : To see if the town will vote to locate a fire alarm box on Cedar Street, on pole near corner of Hawthorne Street.

Art. 69. On petition of Ashton S. Frothingham and fourteen others : To see if the town will vote to locate a fire alarm box at or near the junction of the town street known as Wessagusset Road and the private way known as Hobomac Road.

Art. 70. On petition of Helen G. Cahill and eighteen others : To see if the town will vote to raise and appropriate a sufficient sum of money for the improvement of Sea Street, from Bridge Street to the Fore River shore.

Art. 71. On petition of William H. Trask and fourteen others : To see if the town will vote to raise and appropriate the sum of \$400 for the further working of Philips Street.

Art. 72. On petition of the Pond Plain Improvement Society to see if the town will instruct the electric light committee to install one additional electric light on Pond Street, near the north entrance to the Lake View Cemetery, also two electric lights on Thicket Street, between Pond Street and the residence of Albert Blanchard.

Art. 73. On petition of the Pond Plain Improvement Society to see if the town will vote to raise and appropriate a sufficient sum of money to build a sidewalk on Main Street, from Fountain Square to the railroad crossing.

Art. 74. On petition of the Pond Plain Improvement Society to see if the town will vote to raise and appropriate a sufficient sum of money to install a fire alarm box on Main Street near the residence of Emery Staples.

Art. 75. On petition of the Pond Plain Improvement Society to see if the town will vote to raise and appropriate \$250 to purchase 500 feet of fire hose for the use of the said society in case of fire.

Art. 76. On petition of Edward Laskey and eighteen others : To see if the town will appropriate a sum not exceeding \$500 for the purpose of gravelling Randolph Street from the Hollis School to the Holbrook line.

Art. 77. On petition of Frank N. Blanchard and nine others : To see if the town will raise and appropriate the sum of \$200 for the purpose of building sidewalks and curbing at junctions of Pleasant and Washington Streets at Lovells' Corner.

Art. 78. To see if the town will accept the report of the Selectmen upon the laying out of a proposed town way over the private way known as Parnell Street from River Street to Weymouth Fore River.

Art. 79. On petition of Walter W. Pratt and fourteen others : To see if the town will raise and appropriate \$500 for working Parnell Street, so called.

Art. 80. To see if the town will accept the report of the Selectmen upon the laying out of a proposed town way over the private way known as Rosemont Road from Bridge Street to Weymouth Fore River.

Art. 81. On petition of Anna M. Shipp and others : To see if the town will raise and appropriate \$400 for the working of Rosemont Road, so called.

Art. 82. On petition of W. B. Mathewson and nine others : To see if the town will raise and appropriate a sum of money for electric lights at the following places : One light at each of the entrances of the cemetery on North Street, also lights on Bridge Street between Neck Street and the Hingham Bridge.

Art. 83. On petition of John K. Ruggles and fourteen others : To see if the town will instruct the electric light committee to install an electric light on White Street between Central and Union Streets, and raise and appropriate money for maintenance of the same.

Art. 84. On petition of Irving W. Morgan and others : To see if the town will place an electric light on the private way known as Columbus Avenue, Ward 1, to be located between the houses of L. Vernan Prentiss and Irving W. Morgan.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk on or before the third day of March next.

Given under our hands at Weymouth this sixteenth day of February, in the year of our Lord nineteen hundred and eleven.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, February 24, 1911.

Pursuant to the foregoing warrant, I have notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and times and for the purposes set forth in said warrant by posting true and attested copies thereof in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting as therein directed.

NATHANIEL B. PEARE,
Constable of Weymouth.

A true copy.

Attest : JOHN A. RAYMOND,
Town Clerk.

ANNUAL TOWN ELECTION.

ANNUAL TOWN MEETING,

MARCH 13, 1911.

Pursuant to the foregoing Warrant the annual meeting of the inhabitants of the town of Weymouth was held on Monday, March 13, at the Town Hall, the meeting being called to order at 9.15 a. m., and the warrant was read (excepting the several articles) by the Town Clerk.

Voted, on motion of Bradford Hawes, to dispense with the reading of the several articles of the warrant.

Article 1. Hon. Louis A. Cook was elected Moderator by ballot, the check list being used in the election; the oath was administered to him by the Town Clerk.

Art. 2. Voted, that a committee of five, one from each ward, be appointed by the Moderator to nominate all officers not required to be elected by ballot.

The following were appointed :

John W. Cronin, John A. Holbrook, Francis H. Cowing, C. Sumner Holbrook, Albert O. Crawford.

Art. 3. Voted, to accept the reports of the several boards of town officers as printed, also the following supplementary report of the Selectmen :

SUPPLEMENTARY REPORT OF THE SELECTMEN.

WEYMOUTH, March 13, 1911.

We have to report that in all probability extraordinary outlay will be required during the ensuing year on the Fore River and also on the Back River Bridges.

In regard to the former, a bill is now pending before the Legislature which calls for a widening of the draw to 125 feet and also for considerable outlay for repairs. If this bill becomes a law, it will probably provide for the borrowing of the money necessary for carrying out its requirements.

In regard to the Back River Bridge, the changes contemplated have arisen by reason of an order from the War Department of the United States Government calling for the draw to be widened so as to make an opening of at least 50 feet. A similar order was received by the City of Quincy and the Town of Hingham. It was not deemed expedient to endeavor to make a satisfactory draw in the present structure, and by the joint action of the municipalities interested the introduction of a bill into the late Congress was secured which provided for the general government to pay \$50,000 toward a new bridge.

The strenuous efforts of Senator Henry Cabot Lodge and Representative John W. Weeks resulted in this bill passing both houses of Congress, but it failed to become law as the President withheld his approval.

A bill is before the Legislature in regard to this bridge which provides for the cost of a new bridge above the amount appropriated by Congress, being assessed upon the Commonwealth and the Counties of Norfolk and Plymouth. Hearings have been held before a committee of the Legislature, but action thereon has been delayed, pending the outcome of the bill before Congress.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
A. FRANCIS BARNES,

}
Majority of
Selectmen
of Weymouth.

The Committee on Pump at Lovells Corner reported that he could not purchase a suitable pump.

Voted, That the committee be continued, and to use the money appropriated for a pump or a fountain at his discretion.

Art. 4. Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money

from time to time in anticipation of taxes of the present municipal year to an amount not exceeding in the aggregate \$170,000, and to issue a note or notes therefore payable within one year, any debt or debts incurred under this vote to be paid from the taxes of the present municipal year.

Art. 5. Voted, To designate the First National Bank of South Weymouth, the First National Bank of Boston and the National Shawmut Bank of Boston, Mass., as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., as a legal depository for the securities of the town.

Art. 6. Voted, To raise and appropriate the sum of \$61,000 and further appropriate one-half of the dog tax and all receipts from non-resident pupils for the support of public schools and for transportation of pupils.

Art. 7. Voted, To raise and appropriate the sum of \$5,150 and to further appropriate from the money now in the treasury (or that may be received) \$10,000 received from the corporation and bank taxes, and to further appropriate the street railway and excise taxes for the repair of highways and town ways, for oiling streets and for the removal of snow, and of this amount \$2,000 be for the removal of snow, \$1,000 for oiling streets, \$400 for the purposes mentioned in Article 71, and \$500 for the purposes mentioned in Article 76.

Art. 8. Voted, To raise and appropriate the sum of \$10,000 and further appropriate the sum of \$2,000 for the relief and support of the poor.

Art. 9. Voted, To raise and appropriate the sum of \$3,500 for the relief of disabled soldiers and seamen and the families of disabled soldiers and seamen under the provisions of Chapter 79 of the Revised Laws.

Art. 10. Voted, To raise and appropriate the sum of \$300 and appropriate the sum of \$11,200 for the payment of State and military aid under the provisions of Chapter 468 of the Acts of 1909.

Art. 11. Voted, To raise and appropriate the sum of \$6,700 for the support of the Fire Department.

Art. 12. Voted, To raise and appropriate the sum of \$5,800 for police service.

Art. 13. Voted, To raise and appropriate the sum of \$2,300 and further appropriate one-half of the dog tax, the income from the Susan Hunt Stetson and Augustus J. Richards funds and the rentals of the library building for the Tufts Library.

Art. 14. Voted, To raise and appropriate the sum of \$500 for the maintenance of a reading room at the Fogg Library.

Art. 15. Voted, To raise and appropriate the sum of \$2,300 for the abatement and remittance of taxes.

The Moderator appointed Clarence W. Fearing and Edward B. Nevin as Tellers, and administered the oath to them.

Art. 16. Voted, To raise and appropriate the sum of \$2,000 for the payment of a note becoming due November 1, 1911.

Art. 17. Voted, To raise and appropriate the sum of \$3,740 for the payment of interest which may become due the ensuing year.

Art. 18. Voted, To raise and appropriate the sum of \$1,500 for printing and advertising.

Art. 19. Voted, To raise and appropriate the sum of \$3,000 for miscellaneous expenses.

Art. 20. Voted, To raise and appropriate the sum of \$400 for Memorial Day.

Art. 21. Voted, To appropriate from any money in the treasury not already appropriated the sum of \$800 for the rent and care of town offices.

Art. 22. Voted, To appropriate the income of the rental of the Town Hall for the care and repair of the same.

Art. 23. Voted, That the town authorize the Selectmen to renew the lease of the rooms in the East Weymouth Savings Bank Building.

Art. 24. Voted, To raise and appropriate the sum of \$50 for the care and maintenance of town parks.

Art. 25. Voted, To raise and appropriate the sum of \$3,200 for the suppression of the gypsy and brown tail moths.

Art. 26. Voted, To raise and appropriate the sum of \$6,900 for the payment of town officers, viz. :

Selectmen and Overseers of the Poor	. \$2,400
Assessors 1,500
Assessors' clerk hire 200
Town Clerk 125
Town Treasurer 450
Auditors 150
Sealer of Weights and Measures 200
Tree Warden 100
Town Accountant 850

Art. 27. Voted, To raise and appropriate the sum of \$700 for election expenses.

Art. 28. Voted, To raise and appropriate the sum of \$500 for the support of the Board of Health.

Art. 29. Voted, To raise and appropriate the sum of \$8,700 for electric lighting, and out of this appropriation and the accumulation of rebates as may be had the Electric Light Committee may, if necessary, provide and install lights to meet the requirements of Articles 51 to 60, 63, 64, 72 and 83.

Voted, That the following persons serve on the above committee, viz.: Russell B. Worster, Matthew O'Dowd, Walter W. Pratt, George A. Walker, Winslow M. Tirrell.

Art. 30. Voted, To raise and appropriate the sum of \$2,000 toward the sinking fund for the payment at maturity of the James Humphrey Schoolhouse Bonds.

Art. 31. Voted, That this article be in relation to the town accepting this provision of Acts of 1910, Chapter 624, Section 1, to appointing a Town Accountant, be referred to Louis A. Cook, A. P. Worthen and George L. Barnes, and to report at the next annual meeting.

Art. 32. Voted, To appropriate from the revenue of the Water Works for the current year the sum of \$29,120 to be expended for the following purposes, viz.: \$19,920 for interest on the Weymouth water loan bonds becoming due the ensuing year; \$7,500 for superintendent's salary, maintenance of works and pumping station, and \$1,700 for current expenses, Commissioners and office expenses.

Art. 33. Voted, To appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$10,000 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Art. 34. Voted, To appropriate the sum of \$5,000 for the purpose of making further construction of the Water Works.

Art. 35. Voted, To appropriate the sum of \$5,000 from the revenue of the Water Works for the current year for hydrants and for the water rents and care of drinking fountains.

Art. 36. That a committee of five be appointed by the Moderator to consider the advisability of the town acquiring lands and interest in land bordering on the shore of the Weymouth Great Pond, for the purpose of protecting and preserving the purity of the town water supply; to estimate the quantity of land deemed necessary for the purpose, to ascertain the price for which such land can be purchased, and to report to the next annual town meeting.

The following were appointen as the committee: Edward B. Nevin, Frank H. Torrey, Nelson B. Gladwin, Edward W. Hunt, Alvin Hollis.

Voted, That the Board of Water Commissioners be and hereby is authorized to purchase for the town, with the consent and approval of the State Board of Health a certain tract of land on Randolph Street, bordering on the shore of Weymouth Great Pond, deemed by said board as necessary and suitable for a boat house for the use of the Water Department and the accommodation of the Water Police, and to expend for said purpose out of any monies available therefor a sum not exceeding \$800.

Art. 37. Voted, That all taxes shall become due and payable on or before the 10th day of October next, and that the Collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of 6 per cent. per annum, and the salary of the Collector be six mills on the dollar.

Art. 38. Voted, To raise and appropriate the sum of \$600 for the preservation of shade trees, to be expended under the direction of the Tree Warden.

Art. 39. Voted, To raise and appropriate the sum of \$2,500 to continue the survey and plotting of the town, and for the maintenance of the work already finished. This appropriation is to be expended under the direction of the Selectmen.

Art. 40. Voted, To authorize the Selectmen to commence suit for the recovery of any money or property due the town.

Art. 41. Voted, to appropriate the sum of \$14,700 for the following overdrafts and deficiencies, viz.:

Union Training School	.	.	.	\$58 42
Loud Street	.	.	.	31 92
Phillips Street	.	.	.	119 12
Sidewalk, Pond Street	.	.	.	8 35
Moth account	.	.	.	380 43
Fire Department	.	.	.	300 00
Miscellaneous account	.	.	.	1,000 00
Abatement and remittance of taxes	.	.	.	1,078 55
Poor account	.	.	.	5,500 00
Town officers	.	.	.	223 21
Account of note	.	.	.	6,000 00

Art. 42. Voted, To authorize the Selectmen to contract with the Massachusetts Highway Commission for the construction of the State highway on Main Street.

Art. 43. Voted, To authorize the Selectmen to sell any real estate of which the town may be possessed for which it has no further use.

Art. 44. Voted unanimously, That the Treasurer be and hereby is authorized and empowered, with the approval of the Selectmen, to issue notes of the town for \$1,000 each, to bear interest at a rate not exceeding 4 per cent. per annum, payable respectively \$2,000 June 1, 1912, \$2,000 June 1, 1913, \$2,000 June 1, 1914, to the total amount of \$6,000, for general town purposes.

Art. 45. Voted, That the Town Treasurer be authorized to execute a deed conveying to Reynolds Post 58, Department of Massachusetts, G. A. R., corporation, the house and grounds of the Bicknell School, on Commercial Street, for the consideration of one dollar and the costs of making the papers and all other necessary expenses of the transaction.

Art. 46. Voted, To accept the provisions of Sections 42 to 45 inclusive of Chapter 49 of the Revised Laws, as affected by Chapter 216 of the Acts of 1908, in relation to establishing and constructing sidewalks.

Art. 47. Voted, To accept the provisions of Sections 1 to 9 inclusive of Chapter 50 of the Revised Laws in relation to laying out or relocating, altering, widening, grading or discontinuing a town way.

Art. 48. Voted, That the town abate the tax assessed on the real property of the Davis Bates Clapp Memorial Association for the year 1909, and that the Assessors be instructed to take any proceedings necessary to carry out the purpose of this vote.

Art. 49. No action.

Art. 50. Voted, While the Appropriation Committee is of the opinion that the town of Weymouth is very much in need of better fire protection, it is also of the opinion that before any action is taken in regard to the purchase of an auto combination wagon that a committee of ten be appointed to act with the Board of Fire Engineers for the purpose of a possible reorganization of the whole Fire Department, and to report at the next annual town meeting, or if deemed advisable to call a special town meeting and submit such articles in the warrant to meet with their recommendation, and that the committee consist of the following, viz. :

WARD 1.

Arthur H. Alden, W. T. Seabury.

WARD 2.

M. P. Garey, Daniel Reidy.

WARD 3.

Charles W. Baker, Russell B. Worster.

WARD 4.

Charles H. Kelley, Irwin Hawes.

WARD 5.

W. L. Bates, W. L. Swan.

Art. 61. No action taken.

Art. 62. No action taken.

Art. 65. Indefinitely postponed.

Art. 66. Indefinitely postponed.

Art. 77. Not carried.

Voted, To take up Article.

Voted, That the Moderator appoint an Appropriation Committee, to consist of one new member from each ward who has not served for three years. The following were appointed :

APPROPRIATION COMMITTEE.

WARD 1.

W. H. Wild, Russell H. Whiting, Henry A. Nash.

WARD 2.

John W. Cronin, William H. Pratt, Fred C. Rivinius.

Ralph W. Loud, Arthur Bryant, Melville Cate.

WARD 4.

T. L. Tirrell, George F. Maynard, W. J. Holbrook.

WARD 5.

W. L. Bates, Louis A. Cook, Jr., Frank E. Loud.

Voted, To adopt the resolutions offered by the Hon. George L. Barnes, in relation to the bill offered in Congress, for the benefit of Weymouth Back River Bridge.

Voted, That the Hon. George L. Barnes and A. P. Worthen be a committee to forward the same to the several parties mentioned.

The town of Weymouth by its legal voters, in Town Meeting assembled, on Monday, the thirteenth day of March, 1911, desires to express its appreciation and gratitude to the Honorable Henry Cabot Lodge for his interest, efforts and services in behalf of an act of Congress granting an appropriation toward the construction of a new bridge over Weymouth Back River.

And the town expresses its regret as well as its sympathy for the circumstances which prevented the act, through no fault of his, from becoming a law.

The people of Weymouth, in Town Meeting assembled, on Monday, the thirteenth day of March, 1911, desire to express their appreciation and gratitude for the interest and efforts of

Congressman Andrew J. Peters, Congressman Charles G. Washburn, Congressman William P. Hubbard and the other members of the Committee on Foreign and Interstate Commerce of the 61st Congress in behalf of an Act of Congress to grant an appropriation toward the construction of the Weymouth Back River Bridge.

The committee appointed under Article 2 made the following report :

PUBLIC WEIGHERS.

WARD 1.

Arthur W. Bartlett, C. Lewis French, John L. Lane, John Byrnes, Michael A. Lane, Peter B. Nesbit.

BRADFORD HAWES,

Secretary of Selectmen.

WARRANT FOR A PRIMARY MEETING

For the Nomination of Candidates for certain Public Offices and the Election of certain Committees and Delegates.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the

polling places in their respective precincts, to wit: In Precincts One, Three, Five and Six, at the halls of the fire engine houses located in those precincts respectively; in Precinct Two, at the Odd Fellows Opera House; and in Precinct Four, at the hose house at Nash's Corner, on Tuesday, the twenty-sixth day of September, 1911, at four o'clock in the afternoon, then and there to bring in to the Wardens of their respective precincts their votes for the nomination of candidates of political parties for the following public offices, to wit:

For Governor of the Commonwealth.

For Lieutenant-Governor of the Commonwealth.

For Secretary of the Commonwealth.

For Treasurer and Receiver-General of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General of the Commonwealth.

For Councillor of the Second District.

For Senator in the General Court, for the First Norfolk District.

For Representative in the General Court, for the Seventh Norfolk District.

For one County Commissioner, in and for the County of Norfolk.

For Register of Deeds, in and for the County of Norfolk.

For Clerk of Courts, in and for the County of Norfolk.

And also, their votes for the election of the following delegates and committees of the political parties, to wit:

District members of the State Committee.

Members of Town Committees.

Delegates to the State Conventions.

The polls will be opened at four o'clock in the afternoon and may be closed at eight o'clock in the evening.

And you are directed to serve this warrant by posting a copy thereof, attested by you in writing, in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town three days at least before the time of said meeting.

Given under our hands at Weymouth this eleventh day of September, in the year of our Lord nineteen hundred and eleven.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

WEYMOUTH, Sept. 16, 1911.

I have this day served the within warrant by posting a copy thereof attested by me in writing in each of two public places in each voting precinct in said town seven days before the time of holding said meeting.

THOMAS FITZGERALD,
Constable of Weymouth.

A true copy. Attest:

JOHN A. RAYMOND,
Town Clerk.

TOWN CLERK'S OFFICE,
WEYMOUTH, September 26, 1911.

The following is an aggregate of the votes cast in the several precincts of the town, in accordance with the foregoing warrant, and returned to me by the precinct officers.

Attest:

JOHN A. RAYMOND
Town Clerk.

WARRANT FOR THE STATE ELECTION.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit : In precincts One, Three, Five and Six, at the halls of the Fire Engine Houses located in those precincts respectively ; in precinct Two, at the Odd Fellows Opera House, and in precinct Four, at the Hose House at Nash's Corner, on Tuesday, the seventh day of November next, at fifteen minutes before six o'clock in the forenoon then and there to bring in to the Wardens of their respective precincts their votes on one ballot for the following named public officers, to wit :

For Governor of the Commonwealth.

For Lieutenant-Governor of the Commonwealth.

For Secretary of the Commonwealth.

For Treasurer and Receiver-General of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General of the Commonwealth.

For Councillor for the Second District.

For Senator in the General Court for the First Norfolk District.

For Representative in the General Court for the Seventh Norfolk District.

For one County Commissioner, in and for the County of Norfolk.

For Register of Deeds, in and for the County of Norfolk.

For Clerk of Courts, in and for the County of Norfolk,

And also to vote on the same ballot " Yes " or " No " upon each of the following questions, viz. :

1. Shall the proposed amendment to the constitution authorizing the use of voting machines at all elections be approved and ratified.

2. Shall the proposed amendment to the constitution, increasing the power of the legislature to authorize the taking of land and property for highways or streets, be approved and ratified.

3. Shall an act passed by the General Court in the year nineteen hundred and eleven, entitled "An act authorizing the counties of the Commonwealth to establish retirement systems for their employees," be accepted.

The polls will be opened at fifteen minutes before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town three days at least before the time of said meeting.

Given under our hands at Weymouth this twenty-third day of October. in the year of our Lord nineteen hundred and eleven.

EDWARD W. HUNT,
BRADFORD HAWES,
GEORGE L. NEWTON,
WILLARD J. DUNBAR,
A. FRANCIS BARNES,

Selectmen of Weymouth.

NORFOLK, ss.

WEYMOUTH, October 28, 1911.

I have this day served this warrant by posting a copy thereof attested by me in writing in each of two public places in each voting precinct in said town of Weymouth, seven days before the time of holding said meeting.

A true copy.

Attest:

THOMAS FITZGERALD,
Constable of Weymouth.

STATE ELECTION, NOVEMBER 7, 1911.

SELECTMEN'S OFFICE,

WEYMOUTH, November 8, 1911.

A meeting of the Selectmen and Town Clerk was held this day at the above office for the purpose of examining the returns of votes cast in the several precincts of the town at the election held

November 7, 1911, in accordance with the foregoing warrant and to make an aggregate of the same, the result being as follows:

Respectfully submitted.

WINSLOW M. TIRRELL,

Tax Collector.

REPORT OF COMMITTEE ON ACQUIRING LAND AROUND GREAT POND.

To the Board of Selectmen of the Town of Weymouth:

GENTLEMEN :—The committee appointed by vote of the annual town meeting held on the 13th day of March, 1911, “to consider the advisability of the Town acquiring lands and intersts in land bordering on the shore of the Weymouth Great Pond for the purpose of protecting and preserving the property of the Town’s Water Supply, to estimate the quantity of land deemed necessary for that purpose, to ascertain the price for which land can be purchased,” has attended to the duty assigned to it and reports as follows :—

Your committee organized and elected Edward B. Nevin, chairman and Nelson B. Gladwin, secretary, and considered the matter assigned to it by vote of the Town and believe that it is unnecessary at the present time, for the Town to take or purchase any of the land surrounding the pond.

The only purpose for which the Town could justifiably expend the money of the tax payers in the purchase of the property surrounding the pond, would be for the protection and purification of the water supply.

If, therefore, the purity of the water supply may be fully and amply protected without the expenditure of the sum necessary to take by purchase or otherwise, the land surrounding the pond, it is apparent that such expenditnre would be wholly unnecessary and unjustifiable.

Your committee believe that there is now sufficient law to safeguard said water supply and its purity in every respect and that the law, if enforced, is amply sufficient to acomplish this purpose.

For these reasons, therefore, your committee is unanimous in the opinion that the purchase or acquiring of any land bordering on the shore of Weymouth Great Pond is unnecessary to protect said water supply.

EDWARD B. NEVIN,
FRANK H. TORREY,
NELSON B. GLADWIN,
EDWARD W. HUNT,
ALVIN HOLLIS.

WARREN T. SIMPSON,
Assessors of Weymouth.

REPORT OF INSPECTOR OF LIVE STOCK.

SOUTH WEYMOUTH, MASS., January 20, 1912.

To the Honorable Board of Selectmen of the Town of Weymouth:

I hereby submit my report as Inspector of Live Stock for the year 1911. I find people are taking better care of stables where cows are kept, but in some places there is a chance for great improvement yet. There have been 12 horses killed for glanders, 5 cows for tuberculosis, 2 dogs for rabies, all of which have either been buried or rendered. The whole number of animals inspected is as follows: Cows, 649; young cattle, 63; bulls, 17; goats, 7; swine, 190; oxen, 6.

Respectfully submitted,

F. WILBUR LOUD,

Inspector of Live Stock.

REPORT OF TREE WARDEN.

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN—Herewith please find my report for 1911.

The work of the Tree Department, aside from the spraying of the town trees, has been directed mostly to the care of the dead and dying trees. Several large ones have been removed, and there are many still left which must be removed the coming season.

As we are removing some trees every year, and also opening up new streets, it is apparent that we shall need to set out some trees on our streets in the near future, but until we are free from the elm leaf beetle or have a larger appropriation, we shall have to wait for new trees.

I hope from the indications that the beetle will soon cease to trouble, at least for some years.

Yours respectfully,

C. L. MERRITT,

Tree Warden.

REPORT OF SUPERINTENDENT OF MOTH WORK

To the Honorable Board of Selectmen of the Town of Weymouth:

GENTLEMEN:—Herewith please find my report for the year 1911. The work of the Moth Department has been conducted along the usual lines, with one promising addition, and I feel that our town is in comparatively good condition. The addition noted was the introduction of a disease among the gypsy moths. The supply of the material was limited last year, but we expect a liberal supply next spring. It is effective only in heavily infested sections, but in one colony where the moths were thickest it cleaned up an area of four acres so that not an egg cluster remains; so we hope to get some help from this disease in our heavily infested woodlands in the future.

The brown tail moths are not so numerous in town as they were last year, and when we compare the conditions here with those in the towns in New Hampshire, where they have not done any moth work to speak of, we may well feel thankful that we have kept up the work. I have had the power sprayer overhauled and put in good condition for the spring work, but shall have to buy a full line of hose before spraying time.

I wish to thank your Board for your cordial support, and also all others, whether in or out of the department, who have assisted in the work.

Respectfully submitted,

C. L. MERRITT,

Local Superintendent Moth Department.

REPORT OF THE BOARD OF HEALTH.

To the Citizens of the Town of Weymouth:

Board organized, George E. Emerson, M.D., Chairman, Nelson B. Gladwin, Secretary. We have endeavored during the past year to investigate and correct all nuisances that have been brought to our attention. In many cases the result of our work has been very satisfactory with the cooperation of the offenders; others have been arbitrary. Most of these are persons who are best able to make improvements as suggested by the board.

Complaints have been numerous. We have tried to do justice to all, but when you consider that the regulation applies to the outlying district the same as to the congested centre, it is readily seen that the proposition is no small one to keep all in harmony.

The board this year arranged to have the offal collected and disposed of along our beaches at a small cost to the occupant of each cottage. This gave satisfaction generally; of course all could not be satisfied. We shall attempt this year to improve this service as well as extend it. We want to say right here that the board is ready to prosecute any person against whom evidence can be given who throws or deposits offal or refuse of any nature on any public way or vacant lot or beach in Weymouth. Citizens should not enter complaints because of any personal grievance.

We have carefully inspected land and buildings that surround our water supply early in the spring and during the latter part of the summer, and report that conditions are of the best. We would suggest, however, that in order to insure pure water for this town that we should have a filter bed. This would necessitate an expenditure of \$50,000, approximately. At first glance this may seem unnecessary. It may be so at the present time, but the vital question is how soon will we need it? The town can guard the pond, but to take proper precautions in all the water-shed is impossible, and there is where the danger is increasing always.

Our dairies have improved during the year, but not all are up to the standard. We realize that a great many stables in town are old and we can require only cleanliness. It is intended to establish milk inspection during the coming year.

It has been suggested by a number of citizens that the town purchase a pump for cleaning cesspools and vaults and have this work supervised by this board at a uniform price. We shall try and arrange with some person to care for the entire town if possible.

We again call the attention of our citizens who are dumping on the highways. This must be discontinued, as it is unsightly as well as a detriment to property.

Number of contagious diseases reported during the year :

Diphtheria	18
Scarlet Fever	3
Typhoid Fever	5
Mumps	2
Measles	78
Tuberculosis	6
							<hr/> 112

REPORT OF INSPECTOR OF LICENSED SLAUGHTER HOUSES.

To the Honorable Board of Health of the Town of Weymouth :

GENTLEMEN :—I beg leave to submit my report as Inspector of Licensed Slaughter Houses for the year 1911, as follows :

Guilty, case waiting decision of Supreme Court, 1.

Continued, 1.

TRAMP :

Placed on file, 1.

TRUANCY :

Continued, 1.

Amount of fines in Superior Court, \$120.00.

The record of the work performed by the police is an incomplete statement, because it cannot include all matters brought to their attention, and to which heed must be given. The number of arrests was about the same as that of last year, the most important being that of Peter Cassetti, for murder of his brother, and who is now in jail awaiting trial. The lock-up in Ward 2 has been condemned by the state officials, and the town will be

asked at the annual meeting to build a new one. The old lock-up is an unsuitable place to confine prisoners, and is in a poor location. I would recommend a new one be built nearer Jackson square, as most of the arrests occur in that vicinity.

The lock-up in Ward 3 has been fitted up with four of the latest improved steel cells, and is in good condition. The lock-up in Ward 5 needs four new cells. I am pleased to state that the work of the police for the year has been very successful. I feel particularly grateful to the Boston police for their assistance in the Cassetti case; also to the regular and special police; also to the Board of Selectmen for their assistance.

Respectfully submitted,

THOMAS FITZGERALD,
Chief of Police.

REPORT OF SUPERINTENDENT OF STREETS.

To the Board of Selectmen :

GENTLEMEN—I hereby submit my report for the year ending December 31, 1911.

The total highway appropriation, including Street Railway tax, amounts to \$26,220.46, also special appropriations amounting to \$700, making a total appropriation of \$26,920.46. This includes the appropriations for snow and bridges.

The cost of maintenance is increasing each year, due to increased mileage, the public demand for better roads and the destructive effects of the automobile traffic.

While our town roads of gravel and macadam were fairly economical to maintain when used by the horse-drawn vehicles, the advent of the automobile and its extensive use soon demonstrated that these roads could not resist the action of the rapidly driven motor wheels, and that those much used by automobiles must be provided with some surface covering or bituminous binder.

The State Highway Commission in its report states that over 40 per cent. of the traffic over the State roads is carried along by the horseless vehicle, causing serious injury to the roads, and they are making many experiments to find the best form of construction for their preservation. All these experiments lead to the conclusion that the use of some bituminous binder is absolutely necessary to meet modern traffic conditions, and it is to meet these conditions, brought about by the changes in the character of the traffic passing over our local highways that has made the maintenance problem a difficult one.

The Highway Commission have estimated that it will cost from \$300 to \$500 per mile annually to maintain the State roads.

The problem of how to improve our roads is a serious one and many things must be taken into consideration. We have over 100 miles of streets, many of which were never properly built, with no regard paid to grades or drainage.

Some of these require rebuilding. Again we are so geographically situated, that some of our roads form the main thoroughfares to the different parts of the south shore and are subjected to a very heavy traffic. On these and other roads, traffic conditions are such that extensive improvements should be made and at once, using material which is suited to the conditions if we wish to meet the public demand for good roads properly maintained.

The first cost will be large but this will be more than off set by the saving of expense for repairs, renewals, street cleaning and the general comfort and convenience of the public.

It might be well to have a special committee to look into the matter, to determine the kind of pavement, its first cost and subsequent maintenance and its adaptability to local conditions, to devise a special financial plan, to supply the initial first cost and to provide for annual maintenance of pavements, by sinking fund, serial bonds, or whatever system they might adopt, for meeting the expense.

In the building and acceptance of new roads, money should first be raised to properly build them and then for their annual maintenance. In the past the appropriations raised have been insufficient to do the work properly, consequently the work has been done to fit the appropriation instead of the actual needs of the work. It is false economy to be obliged to do work in this manner, which is not only unsatisfactory in the present but will prove very expensive in the future for continuous repairs.

The sum of \$6,452.50 was expended for oil and street watering. This includes all of the items connected with the work, cost of sand, freight, demurrage, equipment, etc. Out of this amount \$443.40 was expended for street watering, for equipment \$370.16, oil on hand valued at \$258.60, making total of \$1,072.16; subtracting this from the amount expended, leaves the sum of \$5,380.34, which is the actual cost of oiling. The total number of gallons used was 67,596. The total mileage oiled was about 15.43 miles. The average cost per mile, \$348. The combined cost of oiling and street watering is about \$378 per mile. As to the relative cost of oil and water, I will say that from a report of the City of Newton the average cost of watering 55 miles of streets was \$355 per mile.

The use of the oil on the roads was accomplished with various results, depending upon the character of the road and weather

conditions. To obtain the most satisfactory results the road must be in good condition.

On some of the streets that were treated with oil, wet weather, accompanied with a thick gray mud made them very objectionable, the worst places were the squares in Weymouth and East Weymouth. The reason for this is that the oil was applied on worn-out road material and on gravel roads, repaired with a clay gravel, with natural muddy tendencies. Then the weather was exceptional from September during the fall months, almost continuous rain. This same kind of oil on Pleasant Street proved satisfactory.

In South Weymouth applied a thin yellow oil, no body. This was used similar to water. It laid the dust, but had an objectionable odor and was very destructive to rubber tires, etc. This oil has no binding qualities and would not recommend its further use. Also used an emulsion of oil and water in the proportion of two barrels of emulsion to a cart of water. This sprinkled from the cart, requiring no sand or brushing. This treatment requires frequent applications, depending upon the weather and traffic conditions. Where used it proved satisfactory, and I would recommend its use on roads built of material that have a tendency to mud easily. In an average season there is not much difference in the cost between the heavy oil applied once and the frequent applications of the emulsion. From the experiences of other places and our own town there has not yet been discovered a road oil that can be applied indiscriminately and suit all conditions. The selection of the material used and method of application depends upon local conditions, and any surface application at its best is only a palliative.

WARD ONE.

The question of road material for this section is a serious one. The gravel used is of poor quality and has to be hauled a long distance. These facts should be taken into consideration in making appropriations for new roads or passing judgment on work done. If new pits are not discovered we will be obliged to use crushed stone.

Under special appropriations :—

Rosemont Road—Resurfaced with gravel, from Bridge Street to Ramblers Way.

Parnell Street—Rebuilt with gravel, from River Street to beach.
Among the roads receiving repairs are the following :—

Middle Street—From Commercial Street to the Ward 2 line, graveled.

Commercial Street—Graveled King Oak Hill, near junction of Church Street.

North Street—From Commercial to Sea Street, repaired with gravel.

The sidewalks of the following streets received some attention :
Bridge, Bay View, North, and others.

The following streets were oiled with a 30 per cent. asphaltic oil, similar to last year's oil :

Athens Street, the entire length.

North Street—From Bridge to Commercial Street.

Lovell Street—From Bridge Street to residence of J. H. Torrey.

Curtis Street—From North Street to Howard Street.

Shaw Street—From North Street to Neck Street.

Pearl Street—From Sea Street to Crescent Road.

Pearl Street—From North Street to Libbey's.

Commercial Street—From North to Middle Streets.

Middle Street—From North Street to Ward Two line.

Sea Street—From North Street to Newton Street.

The rest of the streets received general attention, minor repairs being made where necessary.

WARD TWO.

The most important repair work was done on the following streets :

Commercial Street—From Grant Street to Hingham line, and from Cowing's to Ward Two line, with gravel.

Charles Street—From Middle Street to Clapp's factory, with gravel.

Middle Street—From Charles Street to top of Carroll's Hill, with gravel and hill at Cushing's ice house.

Broad Street—This street has been torn up a great deal during the past season, first by the street railway and then the Old Colony Gas Company, at a great inconvenience to the public.

Repairs were made as follows :

Resurfaced with macadam from the post office to residence of Dr. Libbey, and from here to Central Square with gravel.

Experience has proven that neither gravel nor macadam can withstand the traffic to which this street is subjected.

The following streets received treatment for the suppression of the dust :

Commercial Street—From Hingham line to Grant Street, emulsified oil and water.

From Broad Street to Madison Street, oil.

From Cowing's to Ward Two line, emulsion.

Broad Street—From Commercial Street to Cottage Street, oil.

From Cottage Street to Essex Street, emulsion.

From Essex Street to Ward Three, oil.

High, Madison, Water and Pleasant Streets to Ward Four line, oil.

Cottage Street—Emulsion.

Middle Street—From Middle Street to Ward One line, oil.

WARD THREE.

Owing to the many steep hills a great deal of money expended in this section is on gutters and drains. This work, although of the utmost importance, and neglect of which would cause serious damage, is perhaps not appreciated by the casual observer.

Lincoln Square and Washington Street to Braintree line should be rebuilt, using some form of pavement, as they are very unsatisfactory in their present condition and expensive to maintain.

The road work is as follows :

Webb Street—Resurfaced with gravel, street and sidewalk from Broad Street to Commercial Street.

Keith Street—Completed this unfinished work of last year, and I can say without fear of contradiction that this road has been one if not the most difficult that was ever built in town. It was not only all ledge, but the rock itself was of an obstinate nature in regard to removal. The road in its present condition is passable. Considerable more work will have to be done before the street can be called completed.

Broad Street—Resurfaced with gravel, from Vine Street to Ward Two line.

Broad Street—Sidewalk resurfaced from Phillips St. to Tracey's.

Washington Street — Repairs, gravel from Main Street to Ward Four line, also sidewalk from Main Street to Federal Street and other bad places.

King Avenue — Rebuilt with gravel.

Front Street — Garfield Square, resurfaced with gravel and repaired drain.

Roads oiled as follows :

Washington Street — From Braintree line to near Federal Street.

Front Street — Washington Street to Summer Street.

Commercial Street — From Washington Square, by wharves.

Broad Street — From Lincoln Square to Ward Two line.

WARD FOUR.

Streets repaired and oiled as follows :

Pleasant Street—From Lovell's Corner to Webster Loud's house.

Loud Avenue — Front Street to Main street, with gravel.

West Street — From Reuben Loud's to Summer Street, graveled where most needed.

Middle Street — Used road machine and made gravel repairs in different places, from Main Street to Washington Street.

Washington Street—Used road machine and graveled from ward line to Hingham line, where absolutely necessary. This street is used a great deal by automobiles, and it is in very poor condition, and must soon be repaired at considerable expense. Special effort should be made to have this accepted as a State road.

Sidewalks repaired as follows :

Mill Street—From West Street to Front Street.

Front Street—From West Street to Mill Street.

Pine Street—Near Pleasant Street, about 200 feet.

Washington Street—Near Lake View, few hundred feet.

Pleasant Street—From Pratt's School to Alonzo Pratt's.

Pleasant Street—From Ward line to Lovell's Corner, repaired in places.

Lovell's Corner Curbing and Sidewalk :

Under this appropriation built sidewalk and laid curbstone around three corners, exceeding the appropriation by \$6.75. It will require about \$100 to complete the work.

Oil and emulsion applied as follows :

Pleasant Street—From Ward Two to Ward Five line, using oil from Ward Two to L. O. Holbrook's residence ; from here to Park Avenue used emulsion.

Park Avenue—From Main Street to Pleasant Street, emulsion.

Main Street—Ward Five line to Middle street, light yellow oil, same as used in Ward Five, one treatment. Later used emulsion over this and to Nathaniel Ell's.

Front Street—From West Street to Purcell's.

Elm Street—Emulsion, from Pleasant Street to Mount Hope Cemetery.

Washington Street—From Mace's to Plymouth River, emulsion.

WARD FIVE:

The principal repair work on roads as follows :

Randolph Street—From foot of Pond Street to Holbrook line, repaired where most needed, using gravel found in vicinity.

Curtis Avenue—Resurfaced with gravel.

Main Street—Repaired sidewalk on east side from Poole's Corner to Hockstrasser's; from this point to railroad built new walk.

From railroad to first house on west side, repaired.

Other walks that received more or less attention were Columbian Street, from Main Street to Pleasant Street.

Pleasant Street—Various places, also Union Street, Thicket Street and Park Street.

A great deal of work has been done on the drains, cleaning out and repairing where necessary.

Among the drainage improvements was the building of a catch-basin, paving gutter on Torrey Street.

Union Street—The section of this road between the cemetery and the Rockland line has been in very bad condition, and in rainy weather very disagreeable to travel. To relieve these conditions, repaired where most needed, using the material near at hand, this I was obliged to do, as the cost of the long haul of the Nash's corner gravel, about three and a half miles, with the available money, made the use of it prohibitive. This has proved to be very poor material, and with the exceptional weather conditions has been very unsatisfactory. I understand that the old road was built of this material, but as recommended in a previous report, the stone crusher using the rocks in the vicinity, will prove to be the most economical and satisfactory, but would require a special appropriation.

Used a light oil and emulsion as follows :

Hollis Street—From Pond Street to dam on Randolph Street. (Emulsion.)

Pleasant Street—From Pond Street to Catholic Church. (Oil.)

Pond Street—From Pleasant Street to Hollis Street. (Oil.)

Main Street—From Ward 4 to Derby Street. (Oil.)

Columbian Street and Square—Main Street to Pleasant Street. (Oil.)

The oil used is a thin, yellow oil, no body.

The foremen in the different wards have the following property in their possession.

WARD ONE.

Five snow plows, 1 new pattern plow, 1 gutter plow, 6 picks and handles, 1 grub hoe, 2 rakes, 1 bar, 6 lanterns, 3 screens, 3 oil barrels, 3 pieces 12-inch tile pipe, 1 piece 15-inch tile pipe, 3 pieces 10-inch tile pipe.

WARD TWO.

Heavy oil—175 gallons, Emulsion—1,500 gallons, Headley's binder—880 gallons, 1 gutter plow, 2 tamping bars, 10 picks and 11 handles, 1 wrench, 1 drill, 14 grading pins, 1 crowbar, 1 stilson wrench, 1 axe, 1 hydrant wrench, 12 long handle snow shovels, 12 short handle snow shovels, 5 hoes, 2 stone hammers, 8 square-pointed shovels, 7 stone forks, 3 iron rakes, 3 post-hole scoops, 2 grub hoes, 1 plumb bob, 1 5-gallon oil can, 1 saw, 4 catch basin covers, 1 50-foot tape, 1 faucet, 16 sign posts, 4 rubbish tubs, 1 trowel, 1 scythe and snath, 9 lanterns, 3 gravel screws, 1 tool chest, 2 feet drain pipe—6-inch, 14 feet drain pipe—8-inch, 2 feet drain pipe—12-inch, 1 paving rammer, 10 oil brooms, 2 street horses for signs, 9 snow plows.

WARD THREE.

Seven snow plows, 1 gutter plow, 2 stone hammers, 3 grub hoes, 2 street hoes, 2 stone forks, 3 pick axes, 2 bush scythes and snath, 3 post-hole scoops, 1 hand drill, 6 lanterns, 1 tool chest, 6 street brooms, 2 feet 8-inch drain pipe, 300 gallons heavy oil.

WARD FOUR.

Five snow plows, 2 screens, 4 picks, 1 grub hoe, 1 stone fork, 1 bar, 6 lanterns, 1 rake, 500 feet lumber.

WARD FIVE.

Four snow plows, 2 new pattern plows, 1 gutter plow, 2 screens, 7 picks and handles, 2 grub hoes, 4 shovels, 1 stone fork, 1 stone hammer, 2 post-hole scoops, 2 hoes, 2 street signs, tool box, 770 gallons of emulsion.

The following is a schedule of property in charge of the department at storerooms at Town Home, Ell's gravel pit, Hockstrasers and Commercial Street: One steam roller, 1 portable engine and boiler, 1 4-horse road machine, 2 2-horse road machines, 1 watering cart, 1 watering cart for oil, 1 oil distributor, 1 oil pump, 1 oil trough and tub, 1 stone crusher, portable bins, crusher oil, 2 platform scales, crusher bins, 3 screen sections, old crusher on Washington Street, portable engine house, street sweeper.

At the close, I desire to thank the Board of Selectmen for their kindness and ready cooperation; also the employees for their advice, assistance and zeal in serving the interests of the Town.

Respectfully submitted,

IVERS M. LOW,

Superintendent.

REPORT OF SURVEY OF TOWN.

To the Honorable Board of Selectmen of the Town of Weymouth :

GENTLEMEN :

I submit herewith annual report of the town survey showing area covered during the past year and the approximate limits of the work already done.

At a consultation with your Board, subsequent to the appropriation of \$2,500 for 1911, it was decided to continue the survey along the same general lines as had been adopted from the first; that is, to make the work continuous, extending same in a southerly direction and keeping the new southerly limit as nearly uniform from east to west as seemed practicable, with due regard to efficiency and economy of operation. While this has been kept in mind, the present southerly limit is somewhat more irregular than has been the case heretofore. This is due largely to an extended wooded area, having few, if any streets, and covering several of the section sheets. This portion could not be most economically done in the summer, with thick foliage, etc., and was in a large measure omitted at that time, and is being gone over at this writing.

During the past year about the same acreage (approximately about 1500 acres) has been covered as in previous years, the difference being that it is distributed over several more section sheets, leaving a part of several of said sheets as yet incomplete, and throughout this area considerable work yet remains to be done to put the plans into shape for use. Also all work previous to the 1911 work has been revised and corrected to April 1, 1911, and prints furnished to the Assessors for their use.

This last mentioned work, which should be done each year, would more properly be classed as maintenance, and in the sum appropriated during the last two years for both new work and maintenance a considerable amount should be credited to maintenance. During the progress of the survey the new work and said maintenance are closely connected and it is a little difficult to determine the actual proportion given to each. If the sheets are

to be kept to date for the Assessors' use (after the survey is completed), as is customary in towns having a system of assessors' sheets, it will be necessary to make an appropriation each year for this purpose. Perhaps this will be better understood from a glance at the increase in transfers each year in Weymouth.

During the year 1908 there were about 365 transfers (exclusive of tax sales) recorded at the Norfolk Registry in Dedham; during 1909 about 425 transfers were similarly recorded, and during 1910 about 540. The past year—1911—there have been about 570 transfers. Every transfer either creates a new parcel or owner, or both, or adds to a present holding; and also changes, obliterates, or decreases a present holding. In many cases a parcel formerly taxed as tillage, pasture or woodland when subdivided and transferred becomes subject to a much higher valuation, thus increasing the total valuation of the town and reducing proportionately, other things being equal, the rate of taxation. This valuation is frequently still further increased by the addition of new houses and other improvements made by the grantee. All these changes need to be looked up, located and indicated on the plans if they are to be made of the fullest service. I bring this matter to the attention of the town and your Board for consideration during the remaining time required to complete the survey along the present lines. I am endeavoring to thus revise the sheets each year, devoting as little of the yearly appropriation to this work as is consistent with reasonable accuracy, and without materially diminishing the annual amount of new work. All the work so far has been plotted on a scale of 100 feet to the inch, and I am convinced that this scale should be adopted throughout the entire town.

At the time of writing this report there has been paid to the town \$71 received from the sale of prints of the town survey sheets at \$1 each, said sheets being bought with a very few exceptions for a definite use. Of the above, 38 prints have been sold since the annual town meeting in 1911. During the past few months I have constructed and prepared an "Index Map of Weymouth," showing the streets and the location and number of each section sheet. This map is on a scale of 600 feet to the inch, and is about 7 feet long and $2\frac{1}{2}$ feet wide. The outline of the town, to and including the shore line extending from the head of Weymouth Fore River to Weymouth Lower Neck and south

to the head of Weymouth Back River, together with over two-thirds of the area within these limits, has been accurately plotted or reduced photographically from the large sheets; the southerly end as yet not covered by this survey being carefully compiled. Three copies of this map, similar to the copy furnished your Board with the omission of the sheet locations, have already been sold.

Summary: Forty-five sheets have been made or are in process of construction; these are sheets 1 to 43 inclusive and sheets 44 and 46 (see index map). On sheets 34 and 38 (all wooded area) little has been done up to the present time. Tracings have been made of 35 sheets (numbered 1 to 33 inclusive and numbers 36 and 37), and prints of said sheets, revised to April 1, 1911, have been furnished the Assessors and your Board. There are in addition various tracings of the 1911 work now under way.

Assuming the same conditions as in the past, the work for 1912, providing the survey is continued, should extend to a line running nearly due east and west and passing somewhat south of the South Weymouth Railroad Station. As stated in former reports, various omissions will be found on some of the sheets, the owners or boundaries of which I have as yet been unable to determine; on many of those satisfactorily fixed it has been possible only through considering a number of adjacent parcels at the same time and in conjunction with each other.

Mr. Libbey has remained in my office as first assistant the past year, much of his time being given to the town works, and of those employed temporarily several have been on the work in previous years.

As in the past, I am indebted to various citizens and others for information and assistance, and would herewith express my appreciation for the same.

I should be glad at any time to make an appointment either for myself or one of my assistants to go on the ground, especially in the wooded areas, and note the position of any boundary line (marked by stakes or points not likely to be found) the location of which the owner or abutter could point out.

For the confidence shown and courtesy accorded both me and my assistants by your Board and by other town officers I wish to extend my thanks.

Respectfully submitted,

RUSSELL H. WHITING,

Civil Engineer.

REPORT OF THE LIGHTING COMMITTEE.

WEYMOUTH, January 1, 1912.

To the Honorable Board of Selectmen :

The Lighting Committee respectfully submits the following report :

At the annual Town meeting held in March, 1911, it was voted to raise and appropriate the sum of \$8,700 for electric lighting, to be expended under the direction of the following committee :

RULSELL B. WORSTER,
MATTHEW O'DOWD,
WINSLOW M. TIRRELL,
WALTER W. PRATT,
GEORGE A. WALKER.

Your committee contracted with the Weymouth Light and Power Co. to light the streets of the town on a basis of 25 arcs and 365 incandescent lights for the sum of \$703.00 per month, (the same rate as in previous years, *i. e.*, \$70.00 for arcs and \$17.00 for the incandescents, less rebates for poor lights and lights not burning).

The matter of new lights, as called for in the different articles of the Town Warrant, the town voted to refer to the committee and after consideration voted to install the following new lights :

WARD 1 :

East Street	1	
Norton Street	3	
Hobomac Road	1	
Sea Street and Ocean Avenue .	1	
Parnell Street	2	8

WARD 2 :

Madison Street	1	
Broad Street	1	
Canterbury Street	1	
Chard and Hillside Avenue . .	1	
Shawmut and Washburn Streets .	1	
East Street	1	6

WARD 3 :

Summer Street.	1	
Foye Avenue	1	
Phillips Street	1	
					<hr/>	3

WARD 5 :

Thicket Street	2	
White Street	1	
Pond Street	1	
					<hr/>	4
Total		<hr/> 21

So with these additional lights the price is \$729.00.

We also followed our usual custom and installed the two arc lights near the shore of North Weymouth, from June 15th to October 1st.

The Old Colony Gas Co. asked permission to submit figures for the lighting of our streets to the Committee, which are printed below, also the Weymouth Light & Power Co. submitted new figures for an all night system of lights of which the figures are printed below :

OLD COLONY GAS CO.

\$30.00 each lamp per year, 60 C. P., all night service.

WEYMOUTH LIGHT & POWER CO.

\$19.00 each lamp yer year, 32 C. P., and \$82.00 for 2,000 C. P., arc lamps, and \$27.50 for 84 C. P., all night service, all on moonlight schedule.

The first page of our report gives you the figures that we are paying for lights per year, also the candle power. The Comittee submit these figures to you to look into, but at present have no special recommendations to make.

We will have a small unexpended balance, which we have partly accumulated by rebates, but we will have to get the same appropriation to carry us through the coming year with the present number of lights.

STATEMENT ELECTRIC LIGHTING, JANUARY 1, 1912.

Appropriation March 13, 1911	\$8,700 00	
Balance from 1910	2,289 08	
					<hr/>	
Total		\$10,989 08
Expended :						
January	\$700 92	
February	699 52	
March	698 33	
April	701 40	
May	714 40	
June	713 91	
July	731 51	
August	730 71	
September	736 06	
October	727 17	
November	724 46	
December	726 82	
					<hr/>	
Total		8,605 21
						<hr/>
Balance unexpended		\$2,383 87

WINSLOW M. TIRRELL,
Clerk.

(Signed) RUSSELL B. WORSTER, *Chairman*,
WINSLOW M. TIRRELL,
MATTHEW O'DOWD,
WALTER W. PRATT,
GEORGE A. WALKER.

Report of the Committee of Fifteen, Appointed at the Last Annual Town Meeting, to Consider the Advisability of Reorganizing the Fire Department, and also the Purchase of Auto Fire Apparatus.

The first meeting was held March 21, 1911, and organized with J. R. Walsh as Chairman and Russell B. Worster as Secretary.

During the year we have held eight meetings, beside several meetings of sub-committees. And while the committee as a whole could not at all times agree, they submit for your approval several recommendations which they think should be carried out.

It is a fact, as shown to the Committee, that in either of the five villages which compose our town, horses are not available for fire purposes several days in each week. And the Town has been exceedingly fortunate in not having had serious fires at such times.

We also considered reducing the number of men in some of the larger companies, which was recommended to the Engineers; and carried into effect by dropping three men in each company, subject to recall should vacancies occur.

We also considered the matter of forest fires, and recommend that that part of the work be taken from the Fire Department and given to the Forest Warden, with the power to appoint as many deputies as he may think necessary. And also that in the matter of appropriations this be considered separately from the regular fire department appropriation.

At the meetings held December 5 and 19, 1911, and meeting of January 19, 1912 (at the last of which the Selectmen were invited to be present) the very important matter of the desirability of purchasing an auto hose wagon was thoroughly discussed, together with the still more important matter of location and housing of the apparatus. And with the fact presented to your Committee that a new police station was absolutely necessary in the East part of the Town, we were of the opinion that one building could be built to cover both uses, as is done at the present time.

The Selectmen differed with us on the matter of police station, as the Chief of Police thought it should be in or near Jackson

Square. But your Committee realize that it is only a matter of time when it will be necessary to have a Central Police Station, where police will be available at all times, and that a location nearer the center of the Town would be much better for future needs, and therefore make the following recommendation :

That a suitable lot be purchased on or near Middle Street, between Central Square and King Oak Hill ; that a building suitable for both Fire and Police departments be erected thereon ; and the purchase of an auto hose wagon to be located therein ; and that an article be inserted in the Warrant for the coming Town Meeting, to carry the same into effect.

This recommendation is made after duly considering the needs of our town, and with the idea in mind of eventually having two or more permanent stations, as the town may require.

We also recommend that the appropriation for Fire Department purposes be increased, as they have been insufficient in the past, and that a sufficient number of rubber coats, hats and boots be furnished for the men who absolutely require them. This is given with the fact before us that the department has been short of hose and equipments for the men for some time, as was shown in the serious fire which occurred on January 15.

By carrying out the recommendations of your committee we feel that the town will be much better protected than formerly, as the proposed outfit would cover the north end of the town consisting of Weymouth, North and East Weymouth, and that the placing of a similar station in the vicinity of Park Avenue in South Weymouth would cover the south end of the town.

Our town, for its size, has had but a small amount of money to expend for fire protection in the past, and the growing needs of the town must be met or we become antiquated.

Respectfully submitted,

J. RUPERT WALSH,	MINOT P. GAREY,
CHARLES W. BAKER,	DANIEL REIDY,
WALTER W. PRATT,	JOHN Q. HUNT,
IRWIN HAWES,	W. T. SEABURY,
ARTHUR H. ALDEN,	D. A. JONES,
WILLIAM L. SWAN,	MATTHEW O'DOWD,
CHARLES H. KELLY,	WALTER L. BATES,
RUSSELL B. WORSTER,	

Committee.

REPORT OF THE FIRE ENGINEERS.

To the Selectmen of the Town of Weymouth :

GENTLEMEN : — The report of the Fire Engineers of the Town of Weymouth to December 31, 1911, is as follows :—

The organization of the department is under control of five Engineers, as follows : John Q. Hunt, chief ; W. W. Pratt, clerk ; M. O'Dowd, D. A. Jones and C. W. Baker

One hundred and sixty men compose the working force, divided into seven Hose companies, four Hook and Ladder companies, one Chemical and two Steamer companies.

THE APPARATUS.

There has been minor repairs on several pieces and one, the Chemical in Ward 5, has been touched up and varnished. There is emphatic need for funds from the next appropriation for more extensive repairs and painting to various pieces of apparatus.

HOUSES.

The houses in general are in fair repairs, but those in Wards 3 and 5 are beginning to show unmistakably signs of decay on the apparatus floor especially. There is need of painting and minor repairs on several of the houses.

FIRE ALARM BOXES.

There has been one new box installed this year, No. 114, and there has been numerous requests of the Engineers for more. We feel that if a few more would be placed in each ward this year that it would be of great advantage to those living in the various vicinities of them.

WOOD FIRES.

The Department has had about as many calls for wood fires as usual. The most serious fire of them was that which started in rear of the Pratt School in Ward 4 and burned through almost to Hawthorne Street in Ward 2 and on the Hingham line almost to High Street, near the Chapel.

We would also recommend that firemen responding to false alarms shall be paid.

In closing the report, we wish to extend our thanks to your Board for the interest taken in the Department during the year, and to each and all the members of the Department for earnest and faithful performance of the many duties imposed on them at times of peril and danger to themselves and for their willingness to keep the houses and apparatus in clean and serviceable condition at all times.

A. Francis Barnes,	Bradford Hawes,
Willard J. Dunbar,	Edward W. Hunt,
George L. Newton.	

OFFICERS.

Clarence P. Whittle, President.
Francis M. Drown, Secretary and Treasurer.

LIBRARIAN.

Abbie L. Loud.

ASSISTANTS.

Louisa C. Richards,	Alice B. Blanchard.
---------------------	---------------------

JANITOR.

Frank D. Sherman.

The Library hours are 2 to 8 P. M.; Wednesday, 2 to 5 P. M.; Saturday, 2 to 9 P. M.; Sundays, Legal Holidays, New Year's Day and the 17th of June excepted.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The thirty-third annual report of the Board of Trustees of the Tufts Library is respectfully submitted to the Town of Weymouth as follows :

The Library was open to the public 302 days, with a circulation of 53,787 volumes, an average of 178— a day, a total increase of 2,041 over last year; 5,638 were delivered through the schools, 21,240 through the delivery stations. The largest number issued on any one day was 503, on December 1, and the smallest was 30, on July 17.

The number of volumes distributed through the different delivery stations was as stated below :

PRECINCT.	DELIVERY STATION.	LOANS.
1	J. W. Bartlett & co.	6,246
1	W. J. Sladen	2,215
2 & 6	J. P. Salisbury	6,413
2 & 6	Bates & Humphrey	2,785
4	W. W. Pratt	1,721
4	Marshall P. Sprague	1,057
5	Fogg Memorial library	803

WORK WITH THE SCHOOLS.

The teachers have taken only 628 volumes on their special cards, but 5389 books have been sent to the schools which is 1475 more than last year. This circulation of books through the schools helps to interest the pupils in literature which they might not seek and suggests to them the benefit to be derived from an acquaintance with the library. While we feel that the teachers themselves might make a freer use of the library, it is gratifying to have children frequently ask for the "book teacher told us about," indicating that the influence of the teachers is leading the pupils to an appreciation of the library privileges.

STUDENT'S CARDS.

30 Student's cards have been issued during the year and 964 volumes have been borrowed on these cards, which allow the taking of ten books, not fiction, that may be kept for 28 days.

VACATION CARDS.

Vacation cards have been taken by a few persons who have enjoyed the privilege thus afforded. By the use of these cards borrowers wishing to take books away with them on vacation trips are allowed several volumes, other than recent publications, which may be kept throughout the vacation.

REGISTRATION OF BORROWERS.

There have been 2280 applications for cards since April, 1909, the beginning of the present registration, 387 of which were received this year. Special, non-fiction, cards have been given, as usual, to all borrowers over twelve years of age.

EXAMINATION OF BOOKS.

18 books have been lost, and 5 of these were paid for by the borrowers; 5 books have been burned on account of contagious diseases, 347 books have been discarded because unfit to be continued in circulation, and 2 books previously reported lost have been recovered. The annual inventory made as usual leaves 18 unaccounted for.

ACCESSIONS.

980 volumes have been added to the library, including 84 donations, 121 replacements and 80 periodicals bound. 443 volumes have been rebound. Many of the popular books have been dupli-

cated, as is the custom of the library, and books suggested by borrowers have been purchased when practicable.

The increased cost of books makes the number purchased smaller in proportion to the amount of money expended, yet, notwithstanding this fact, more books have been added to the library than last year. Ability to do this has been due in a measure to those benefactors, who by their generosity have secured to the library permanent funds giving an annual income of five hundred dollars, two hundred of which come from two special funds of the Tufts legacy, one hundred from the Susannah Hunt Stetson fund, and two hundred on account of the Augustus J. Richards fund, the two latter amounts to be devoted to the purchase of books exclusively. Because the trustees have realized anew, this year, the value of these special funds, they hope that other benevolent-minded citizens may be inspired to remember the library in a similar manner, thus establishing other lasting memorials for the benefit of the people of Weymouth.

A list of books, outside of fiction, purchased during the year, except those listed elsewhere in this report, may be found under General literature in Appendix A.

For a list of books purchased from the Susannah Hunt Stetson Fund and the Augustus J. Richards Fund see Appendix B.

READING AND REFERENCE ROOM.

We have to report as heretofore that no adequate estimate of the work done in this room can be given, but interested readers and earnest workers, seen here day after day, have made constant use of the books from the reference department besides borrowing many from the stack room. It is the desire of the trustees that every citizen of the town ascertain for himself, individually, the practical service of the library, and particular attention is invited to this room, made more attractive each year by the addition of new and valuable works of interest to persons seeking instruction or entertainment.

The additions to this department are : — American year book, 1910; Field's Dictionary of Oriental quotations (Arabic & Persian); Flagg's Guide to Massachusetts local history; Hastings & others, Dictionary of Christ and the gospels, 2v.; Hazell's annual, 1911; Heart of New England (map) pub. by Bullard co.; New international encyclopædia, 20v., with companion vol-

ume & Year book; Readers' guide to periodical literature, 1901-1904, v. 1; Statesman's year-book, 1911; Sweet's Student's dictionary of Anglo-Saxon; Tribune almanac, 1911; Walsh's Prose and poetical quotations; Whitaker's almanack, 1911; Who's who, 1912; World almanac & encyclopædia, 1911.

As will be seen by reference to Appendix C the list of periodicals varies somewhat from that of last year, having been increased by the addition of:—The American monthly; Among the deep sea fishers; The bookman; Church militant; House beautiful; Popular mechanics; Publishers' weekly; Woman's home companion; World to-day.

ART EXHIBITIONS.

The library has received from the Library Art club and exhibited in the Reading Room eleven groups of pictures comprising:—Corot, no. 2; Egypt, no. 2; Rulers of Italy; Old Hollandish interiors, 14th–18th cent.; Fashions in Paris, 1797–1897; Japan, no. 2; Historic dress; Japan, no. 3; Transportation; 18th century colour prints: Etchings by William Unger, no. 3.

GIFTS.

Public documents have been received as usual and, in addition to books and pamphlets from different sources, annual reports, bulletins and other publications have come from 41 libraries.

The Mission circle of the First Universalist church presents us with the Universalist leader and Among the deep sea fishers; The American monthly is presented by the Susannah Tufts chapter of D. A. R.

Mrs. Emily Fifield and Mrs. Mary Fifield King, of Dorchester, have given to the library a collection of Fifield relics, with a case in which they may be preserved, as explained by the following letter:—

BOSTON, Mass., Feb. 23, 1911.

To the Librarian of the Tufts Library, Weymouth, Mass:

DEAR MADAM:—

Will you kindly make known to the Trustees of the Library that my mother, Mrs. Emily A. Fifield, and myself, having always been greatly interested in the Library and all historical matters connected with the town, are planning a gift of some of the Fifield relics, which we trust will be acceptable. They consist of books, papers, pictures, etc., of special interest to the town, and we are placing them in the hands of Mrs. Kate Pierce Thayer for such arrangement as you shall suggest. As these

objects are largely connected with the Tufts family; the celebrated daughter of Weymouth, Mrs. Maria Weston Chapman; and Dr. Noah and Mrs. Fifield; we have provided a small glass case in which the personal relics may be preserved. Two or three other things we have had framed as we have done for the Fifield Memorial Room at the Medical Library.

Weymouth was once the scene of great activity at the time of the Anti-Slavery agitation, and we are so fortunate as to possess letters from Garrison, etc., which we are glad to give to the town. May we suggest that the papers to be sent have a considerable money value among collectors at present, and that special care be taken to preserve them. We take pleasure in presenting them to the town.

Very truly yours,

MARY FIFIELD KING.

The trustees take this occasion to acknowledge these gifts and to thank the donors, whose names may be found in Appendix D.

A telephone has been installed during the year and has proved a valuable acquisition. The appearance of the librarian's office has been much improved by the substitution of new rugs for the old carpet, which had become badly worn, and a vacuum cleaner, purchased during the year, makes it possible to keep the rooms and the books in better condition than formerly.

Iron gates have been placed at the front entrance thereby adding to the finished appearance of the building and making this entrance no longer a loafing place for idlers.

The book shelves are so congested that some new arrangement must soon be made to provide room for the increasing number of books, and the trustees hope that steel stacks may be gradually introduced, thus opening the way for the long desired free access.

CLARENCE P. WHITTLE,

By order and in behalf of the Trustees.

FRANCIS M. DROWN,
Treasurer.

REPORT OF THE PARK COMMISSIONERS.

The Board of Park Commissioners has the honor to submit herewith its annual report for the year ending Dec. 31, 1911.

The care and maintenance of our parks has proceeded along the usual lines, commencing in the spring with a general cleaning up, the planting of any new trees, shrubs or flowers, and continuing through the season from time to time with such work as is necessary to keep the grounds looking presentable. Webb Park has been used as a playground pretty freely by the boys, and by the general public as a delightful place to visit for rest, recreation, outdoor air and exercise. Combined with beautiful views, as such it is invaluable to the citizens of the town, and well repays for the small amount of money spent on it. The following statement shows the receipts and expenditures on account of Webb Park and balance unexpended:

Balance unexpended last year	.	.	\$75	40	
Appropriation 1911	.	.	50	00	
From Mary L. Condrick for pasturage			10	00	
					<hr/>
					\$135 40

PAYMENTS.

Jeremiah Delorey, for labor	.	.	\$10	00	
Jeremiah Coffey, for labor	.	.	10	68	
W. H. Clapp, for supervision and services	.	.	10	00	
					<hr/>
					30 68
					<hr/>
Balance unexpended	.	.			\$104 72

Beals Park has had the usual amount of care. The bed of pond has been cleaned, and other work done as needed from time to time during the year. The park is used a great deal by the children as a playground, and for that reason it is much more work to keep it looking well.

Following is a statement of receipts and expenditures at this park, viz.:

1911.

Jan. 1.	Cash on hand in bank	.	\$319 43	
April 10.	Interest from East Wey-			
	mouth Savings Bank	.	11 44	
Oct. 10.	Interest from East Wey-			
	mouth Savings Bank	.	5 68	
Nov. 1.	S. Ford, 1 year's rental of			
	land at Great Hill Park	.	35 00	
Nov. 16.	John H. Stetson, treasurer,			
	interest	.	40 40	
			<hr/>	\$411 95

EXPENDITURES.

April 11.	Water rates	.	\$6 00	
May 27.	H. Souther, labor	.	1 50	
June 1.	Geo. L. Newton, painting	.	1 50	
June 21.	H. E. Gould, plants, etc.	.	6 00	
June 30.	H. Souther, labor	.	2 25	
July 1.	H. Nadell, labor, etc.	.	24 25	
July 8.	H. Souther, labor	.	2 25	
Sept. 14.	H. Souther, labor	.	2 25	
Nov. 4.	H. Souther, labor	.	1 25	
			<hr/>	47 25

Balance on hand, deposited in East
Weymouth Savings Bank . . . \$364 70

Great Hill Park remains as last reported, but it is now time that steps should be taken toward putting it in condition for enjoyment of the citizens of the town. North Weymouth, or Old Spain, as it was generally called in earlier times, has so far grown and developed within the last five years that deference should be given to the needs of permanent citizens in that part of the town as well as to the gratification of the large number of summer residents in that locality. Hereafter the expense involved in the maintenance and development of this park should be much greater than in the past.

Respectfully submitted,

LOUIS A. COOK,
WILLIAM H. CLAPP, } *Park Commissioners.*
ARTHUR H. ALDEN, }

ANNUAL REPORT
OF
WATER COMMISSIONERS
OF THE
TOWN OF WEYMOUTH, MASS.

1911.

WATER COMMISSIONERS.

DOUGLAS M. EASTON, Chairman.

FRANK H. TORREY, Clerk.

GEORGE E. BICKNELL.

JOHN H. STETSON, Treasurer.

EDWARD W. HUNT.

IVERS M. LOW, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer.

Office at East Weymouth, Mass.

WATER COMMISSIONERS' REPORT.

JANUARY, 1, 1912.

The Board organized March 20, 1911, by the choice of Douglas M. Easton, Chairman; Frank H. Torrey, Clerk; John H. Stetson, Treasurer.

Frank H. Torrey was chosen Registrar and Collector, he to be paid \$250.00 and expenses, the Commissioners to pay for his bond.

Miss C. E. Briggs continues Clerk at office at a salary of \$500.00.

I. M. Low continues Superintendent at a salary of \$750.00.

C. B. Cushing continues as accountant at a salary of \$250.00.

G. W. Sargent continues as Engineer at Pumping Station at a salary of \$1,050.00.

The problem of an equitable supply of water still confronts us. During the three summer months the cry from the higher levels is more water! More water! Just how to satisfy the demand is somewhat of a proposition. In our opinion, there are three ways, which if put into effect might to a certain extent satisfy more people, viz: an additional supply pipe from the pond to the Pumping Station, to be independent of the high service; increasing the size of the main line from the Pumping Station to Central and Lincoln Squares at least 30 per cent.; installation of meters. The first and second would no doubt entail an expense of \$20,000, and would be problematical without assurity. The third "installation of meters" would, in our opinion, be the most feasible, the least expensive, and surely the most equitable. In 1909 we asked for an appropriation of \$5,000 for the purpose of installing meters, but the citizens not looking at the subject from our side of the question, voted at the Town Meeting to indefinitely postpone the matter. If we had been authorized to install meters at that time, from any surplus, we have from the income, received from the water rents, we would have had the system well started. As it is an undisputed fact that the department will not be on a sound business basis until any water taker can have all the water he is willing to pay for at any time.

The town has a valuable asset in its water works and after the bonds are paid in 1914 should be able to install all meters from the income of the department, but the installation should be started at once. We trust you will so vote at the next town meeting.

Previous to 1911 the town raised \$5,000.00 annually for the care and maintenance of hydrants and drinking fountains, this, however, was taken away last year; in our opinion a fair rental should be raised by the town, as every citizen, whether a water taker or not, is indirectly benefitted by having its hydrants kept in good condition.

For the last two years your Commissioners have been placed in an unpleasant and unenviable position regarding matters pertaining to the boating and fishing on the pond. We realized that as time went on, building on the shores might have a tendency to produce undesirable conditions, and believing that the prohibiting of boating would materially lessen such conditions (though quite a portion of the water takers favor the continuation of boating believing as they no doubt did that no trouble would arise), we placed the matter before the town at two annual meetings as well as a special meeting but without any definite results. We had hoped that by bringing the matter before the people who use the water, it would be more amicably settled than by our taking advantage of the powers delegated to us by the State Board of Health, to use our discretion as to the issuing of permits. Here is where we probably made our mistake. Had we used the authority delegated to us and posted notices forbidding boating and fishing and consulted no one, which we did later on, there might have been less friction, but we were deluded by the belief that the town at the first intimation would take definite action, but they did not. We believe, however, that a large majority of the voters will consider the step we have taken to be for the best interest of all concerned. The town having failed to act and feeling that something definite should be done to protect our most valuable asset and believing the sooner it was done the better it would be, and as we could not see our way clear to issue permits only to responsible persons, as was suggested by the Counsel for those in favor of boating, before the State Board of Health, we caused the following notices to be posted around the pond: "All boating or entering upon Weymouth Great Pond is hereby strictly prohibited" by order of the Commissioners. Receiving information that this notice was disregarded by some

people, we, through the Selectmen, arranged for a police patrol with the result that two persons were summoned into court, their cases were appealed to the Superior Court which confirmed the decree of the lower court, the cases are, we understand, to be taken on exceptions to the Supreme Court. Sometime after the notices forbidding boating were posted, two persons were drowned in the pond, which is one more reason to use every legitimate means to guard well the source of our water supply.

We ask for an appropriation of \$5,000 for the purpose of new construction that may be found necessary; \$5,000 for the purpose of installing meters; also appropriation from the revenue of the works as follows :

Interest on bonds	\$20,100 00
Payment to sinking fund	10,000 00
Superintendent	}	7,500 00
Maintenance		
Pumping Station		
Current expenses	}	2,000 00
Office expenses		
Commissioners		
Total	<u>\$39,600 00</u>

Respectfully submitted,

D. M. EASTON,
F. H. TORREY,
GEORGE E. BICKNELL,
E. W. HUNT,
J. H. STETSON,
Commissioners.

REPORT OF THE TOWN ACCOUNTANT.

WEYMOUTH, January 1, 1912.

To the Board of Water Commissioners:

GENTLEMEN:—Herewith is submitted the tenth annual report of the Accounting Department, showing the receipts and expenditures on account of the Weymouth Water Works for the year ending December 31, 1911, as follows:

CONSTRUCTION:

Tenney, Morse & Co., pipe . . .	\$1,297 18
Water Works Equipment Co. . .	884 60
A. M. Byers Co., pipe . . .	707 91
Lead Lined Iron Pipe Co., pipe, etc.	523 67
Sumner & Gerald, pipe, etc. . .	300 06
Union Water Meter Co. . . .	250 02
Chadwick-Boston Lead Co. . . .	170 69
A. J. Richards & Son, pipe . . .	96 00
Builders' Iron Foundry, fittings .	93 07
Braman, Dow & Co., pipe, etc. .	71 11
Walworth Mfg. Co., pipe, etc. .	62 62
Chapman Valve Mfg. Co. . . .	59 17

Respectfully submitted,

FRANK H. TORREY,

Registrar and Collector.

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:

GENTLEMEN: — I hereby submit my report for the year ending December 31, 1911.

POND.

Notices were posted around the pond prohibiting boating and fishing; also had a man to patrol pond to enforce rules and regulations. The dam on Randolph Street should be rebuilt, replacing the present structure with a concrete one that would last for all time.

PUMPING STATION.

The pumps and their appurtenances, grounds and buildings are in good condition. The coal shed has had a new sill, the horse shed has been shingled, and minor repairs have been made about the station.

STAND PIPE.

The stand pipe was cleaned and painted, receiving two coats of paint inside and outside. A new wire was laid for telemeter.

MAINS.

The extensions in detail will be found in a following report. The principal work was done in North Weymouth to supply the water front, which is rapidly being built up. As soon as possible, both as a matter of convenience and economy, all of the shallow, so called, summer services should be replaced with larger pipes for year round service.

HYDRANTS.

New hydrants have been placed as follows: One on Pecksuot Road, one on Sagamore Road and two on Ramblers Way.

WATER WASTE.

During the warm weather if we have a long protracted dry season we have more or less complaints from certain sections about poor pressure. We cannot wash the dishes or use the

bathroom is a common complaint and a just one. This lack of pressure is caused by the excessive use of hose contrary to our rules and regulations, and the water takers who do this either wilfully or through negligence do so with a disregard to the rights of their unfortunate neighbors on the higher levels. The best authorities estimate that from thirty to fifty gallons a day per capita is ample for all uses — domestic, manufactories, street sprinkling and fires — and anything over this amount is waste. During the season when these complaints are made we frequently are furnishing water at the rate of over one hundred gallons per capita, which shows that there would be ample water and pressure for all if used legitimately. A Water Department is embarrassed by this excessive waste in many ways, and is called upon to increase its supply at a great cost, and often unnecessary. Good water is a necessity and expensive to procure, and its waste should be avoided. From a well-known authority I will quote as follows: “A commission of six well-known engineers was appointed a few years ago in one of our large cities to examine and report on the following questions which were submitted to them by the municipal assembly: ‘If the present pumping capacity is sufficient to supply the city with water and, if not, then to report what is necessary to be done to get a sufficient supply, and the approximate cost of the same. To inquire into the respective merits of the water meter system in place of increased pumping capacity and additional mains.’ This was the substance of the report made, signed and submitted by five out of the six members: After abundant consideration we have agreed upon the following answers: The present pumping capacity is sufficient, under proper control, to supply the city with water for several years. The water meter affords the proper control. We recommend the application of meters to every service excepting fire hydrants, believing that it will at once greatly reduce the consumption and distribute the burden of the water tax in the most equitable manner.’” This seems to apply perfectly to our case, and to me is the solution of a vexatious problem. That the installing of meters is inevitable and absolutely necessary to conserve our supply and to exercise the cardinal principles of justice and equity that a man should pay for what he uses and get value received for his money.

Ninety water takers are added this year, making total number to date 3,567.

Thirty-two services have been shut off temporarily on account of vacancy and six are shut off for non-payment of rates.

Water is supplied to the following :

Families	3463	Slaughter-houses	1
Stores	65	Cemeteries	9
Offices	19	Private stables	164

ENGINEER'S REPORT.

SOUTH WEYMOUTH, MASS., January 1, 1912.

To the Superintendent of Water Works :

DEAR SIR :—I hereby submit my report for the year 1911.

Separate from a few small repairs the pumps and boilers at the station have done very good work.

I have put in new pipe to jacket return on the left side of the Deane pump, also new valves and springs in feed pump.

New valves and springs have been put in the Blake vacuum pump.

A number of new grate bars have been placed under each boiler.

The horse shed has had new sills and the roof and side walls shingled, the doors repaired and painted two coats of paint ; have built a retaining wall on the east and south side of the shed.

The coal shed has been repaired by putting in new sills, concrete wall and newly boarded on the west side, new covers on the side windows on the roof, new skylight and gutters, and painted.

New cords have been placed in the windows of the pumping station, where needed, and the sashes have been puttied and painted.

The chimney stack has had new bolts placed in the cap and a few new bricks to replace old ones.

From measurement I find the Great Pond was at the greatest height from April 21 to May 5, it being at that time at high water mark, and at its lowest point on Jan. 6 and Aug. 25, it being at that time thirty-one inches below high water mark.

Respectfully yours,

GEORGE W. SARGENT.

WEYMOUTH, MASS.,
1912.

SCHOOL COMMITTEE.

SCHOOL COMMITTEE.

	Term Expires
Thomas V. Nash, Chairman	March, 1912
John F. Reardon, Secretary	March, 1912
H. Franklin Perry	March, 1913
Clarence P. Whittle	March, 1913
Lester W. Horne, M. D., resigned	March, 1914
A. Lillian McGregor	March, 1914

Regular meetings of the Committee are held the first Tuesday in each month at the Selectmen's Room, East Weymouth.

SUPERINTENDENT OF SCHOOLS.

Parker T. Pearson. Office hours: Tuesday at close of school, Jefferson. Wednesday at close of school, Howe. Monday, Tuesday, Thursday, 4.30 P. M. to 5.30 P. M., at home, 511 Commercial Street, East Weymouth.

SCHOOL CALENDAR.

Winter term closes March 22, 1912,. Spring term begins April 1, 1912, closes June 21, 1912. Fall term begins September 3, 1912, closes December 20, 1912, Winter term begins December 30, 1912, closes March 21, 1913.

HOLIDAYS.

Washington's Birthday, Patriots Day, Memorial Day, Labor Day, Columbus Day, Thanksgiving Day and Friday following.

NO SCHOOL SIGNAL 2—2—2, 2—2—2.

At 7.30 A. M. no school in any school during A. M. At 8 A. M. no school in grades 1—IV inclusive. At 11.45 A. M. no school in grades I—IV inclusive during the P. M. At 12.45 P. M. no school in any grade during the P. M.

REPORT OF THE SCHOOL COMMITTEE.

To the Citizens of Weymouth:

The School Committee herewith presents for your consideration the annual report for the year ending December 31, 1911, including the following financial statement:

RESOURCES.

Balance from 1910	\$17,736 89
Appropriation March 13, 1911	61,000 00
One-half dog license money	727 55
Tuition State children	169 00
Tuition, Hingham	40 00
Tuition, Boston	5 00
Supplies and tickets sold	94 75
Use of telephone, Athens school	24 72
Total	<u>\$79,797 91</u>

EXPENDITURES.

Instructors	\$40,239 75
Janitors	4,638 86
Fuel	4,369 10
Repairs	4,092 36
Water Rent	327 00
Superintendent	2,000 00
Supplies	4,097 05
Miscellaneous	1,091 51
Transportation	2,595 00
Total	<u>\$63,450 63</u>

Balance unexpended January 1, 1912	<u>\$16,347 28</u>
------------------------------------	--------------------

The Board, without exceeding its appropriation, last year contracted for a sloyd room at the James Humphrey School. Here we have installed in the basement, in a finely lighted room, benches and the best of apparatus for the manual training work. Including the rooms now fitted at the Bates and the Pratt—both by

private assistance—we have now satisfactory conditions at East and South Weymouth. We trust that in the near future we may be able to extend our work in this department by providing a well equipped room at the Athens.

The schools have passed a prosperous year and the outlook is excellent for a continuance of present conditions. At the present time there exists a vacancy in the membership of the Board, caused by the removal from town and the consequent resignation of Dr. Lester W. Horne.

This vacancy is to be filled by an election for the unexpired term.

The repairs at the High School, occasioned by the order of the State Inspector, included the retubing of a boiler and the resetting of the brick-work around the furnace. This had commenced to crumble and would have necessitated a greater outlay if not handled at this time.

At the Athens, the unsanitary conditions, caused by the defective operation of the cremation system in use there, had long been a source of trouble to the Board and of annoyance and possible danger to the pupils and teachers working in that building. After careful consideration, the Board decided to place a modern system of sanitation in the building. This has given excellent results.

At the Lincoln, an additional furnace has been installed, and at the Hunt and Tufts, minor, necessary repairs have been made. In this district the condition of all three buildings is a cause of dissatisfaction, and the money expended each year to keep them in proper repair does not appeal to the Board as true economy. We recommend investigation by the citizens into the school accommodations that exist here, and we believe that when the true condition becomes apparent, the Town will, in the not very distant future, provide a new twelve-room building. We recommend at this time the purchase of a tract of the Susan H. Stetson estate, adjoining the Hunt and Lincoln schools. This tract has been surveyed and plotted, and is at present on the market. We have secured an option on a portion of this land at a fair price, and we feel that it is good business judgment to purchase and hold until the time seems opportune to erect a building.

At the Shaw, the building has been painted, gutters placed upon it, the inside thoroughly renovated, and adjustable seats installed in the only room without them.

At North Weymouth. the increase in population has made itself apparent in the increased attendance at the Athens School. Some rooms are now severely overtaxed in trying to accommodate the large school population which at present resides in this district.

At the opening of the schools in September the Pond and Hollis schools were closed and the pupils transported to the Howe.

We respectfully submit the following estimates for school expenditures for the coming year :

Teachers' salaries	\$41,500 00	
Superintendent	2,000 00	
Janitors and cleaning	4,700 00	
Supplies	4,000 00	
Fuel	4,500 00	
Repairs	3,500 00	
Transportation	2,500 00	
Miscellaneous	750 00	
Water tax	350 00	
	<hr/>	
Total		\$63,800 00

Respectfully submitted,

THOMAS V. NASH,
JOHN F. REARDON,
H. FRANKLIN PERRY,
CLARENCE P. WHITTLE,
A. LILLIAN MCGREGOR.

EAST WEYMOUTH, Dec. 31, 1911.

REPORT OF SUPERINTENDENT OF SCHOOLS.

Members of the School Committee:

I herewith submit my third annual report, the same being the twenty-sixth in the series of annual reports of the Superintendents of this town.

The close of the school year in June marked the completion of an epoch in the management of the High School. Mr. Sampson, who had for fifteen years served the town ably and efficiently as teacher and principal, resigned to accept a position in Boston. During the period of his connection with the schools of Weymouth many important changes had been made in High School facilities. In 1896 there were two High Schools, one located in the southern and the other in the northern part of the town. In 1898 the two schools were united and placed in a new building at East Weymouth. This building, well equipped and well built, is still serving admirably the needs of the town after a period of thirteen years, and illustrates the fact that a good building, well planned, is a saving of money and energy as well as a source of comfort to the pupils who have to spend a large portion of their time within its walls.

The school first enrolled two hundred seventy pupils and employed eight teachers, but as soon as the newness of the change wore away the membership gradually dropped, until in 1901 we find an enrollment of two hundred twenty-eight. Since that time the growth of the school has been gradual and normal. This year's statistics show an enrollment of two hundred ninety-two pupils, and with the large entering classes of the last two years, the membership will soon pass the three hundred mark.

During the thirteen years that the school has been in the new building there have been but two changes in principals. This in a large measure accounts for the strong position which the school occupies in the community. The graduates pass with a minimum

of friction to the broader and more exacting work of the colleges, while the grade of work has not been questioned by the College Entrance Board.

The necessity of securing a new principal as well as four assistants, before the opening of the school in September, made possible a serious derangement in the school work unless great care were exercised in the selection of candidates. The High School is the pivotal point in our local educational system, and any disturbance of its disciplinary power or educational prestige is felt, not only in an increased friction between the home and the school, but also in the general attitude of the pupils themselves at home and on the street. We feel fortunate in having secured Mr. Hilton for the position of principal, as he has obtained the hearty coöperation of both teachers and pupils in the short time he has been with us.

The general work of the school is being strengthened along the following lines :—Card filing devices are being introduced to make the management of the school easier and more systematic; a record of the work in each subject is being kept by the teachers for future reference; the books are being catalogued, so the principal may be able to tell at a glance the number and condition of books he has on hand, as well as their distribution; parents' meetings are being held to bring the home and school in closer contact.

The ten typewriters in the school, the most of which had been in service from six to eight years, have been exchanged for the new visible type at a total cost of \$50. The number of typewriters should be increased to eighteen in order to give the pupils a sufficient number of practice periods per week.

The recent graduates of the school are distributed among the colleges and normal schools as follows :—Brown 3, Boston College 3, Boston University 3, Dartmouth 2, Harvard 2, Massachusetts Agricultural College 4, Massachusetts Institute of Technology 5, Mt. Holyoke 2, Radcliffe 1, Smith 1, Tufts 2, Wellesley 3, Yale 1, Business Colleges 16; Normal Schools 10.

In last year's report, the statement was made that probably the most important move during the year was the appointment of medical inspectors to look after the health of the children in the different buildings. The tables on the following pages show the

general scope of the work, but in addition to the items indicated the physicians have had to examine each pupil who sought a certificate to go to work in the factories. They have, also, advised the children on the formation of habits of cleanliness and neatness. To one who visits the schools regularly a marked change can be seen in the outward appearance of the children in certain buildings.

Considerable friction has always arisen in Ward Three over the vaccination question. At the opening of the schools in September, two hundred fifty-three entered without vaccination certificates. Of these, one hundred fifty-five were vaccinated later, fifty-eight secured duplicate certificates showing that they had been vaccinated, and forty secured certificates stating they were unfit for vaccination. These last, in most cases, show an evasion of the law, but they cause more trouble to the parents than any one else, as they have to be renewed each year.

The physicians for the coming year have been assigned as follows ;

Athens, Adams	.	.	W. A. Drake, M. D.
Washington, Jefferson	.	.	J. C. Fraser, M. D.
Humphrey	.	.	Joseph Chase, Jr., M. D.
Hunt, Lincoln, Tufts.	.	.	F. P. Virgin, M. D.
Shaw, Pratt	.	.	K. H. Granger, M. D.
Bates, Howe	.	.	E. N. Mayberry, M. D.

From the eye and ear tests given by the teachers in the month of September we get the following results :

Number of pupils examined	1761
Number found defective in eyesight	184
Number found defective in hearing	60
Number of parents or guardians notified	178
Per cent. found having defective eyesight	10+
Per cent. found having defective hearing	3+

The Penny Savings System has now been in operation in the schools for over four years and has continued to prosper despite the early criticism that the children would soon lose interest.

The amount of money received from year to year has remained nearly constant, while the deposit in the bank has steadily increased. We have received from the sale of stamps this year nearly \$1,200. The Washington collected \$161.61, the Howe \$157.24, the Tufts \$125.76, but the Lincoln really made the best record, as its collection of \$116.80 was made from a two-room building.

The new legislation which has just been passed for the encouragement of saving among the school children will make it possible to place the management of this department directly in charge of the banks. It has been suggested that this be done early in the spring.

The success of the work has been due in a large measure to the untiring energy of the officers of the Monday Club who have had charge, but it can easily be realized that an immense amount of labor has devolved upon those who have had the work to do.

The value of the work having been proved, it would be well to make it permanent by conforming to the requirements of the new legislation and by adopting the recommendations of the Bank Commissioner, which are given below.

THE COMMONWEALTH OF MASSACHUSETTS.

OFFICE OF THE BANK COMMISSIONER, BOSTON, July 20, 1911.

To the Members of the School Committee—*Gentlemen*:

The Legislature of last year passed Chapter 524, entitled, "An act to provide for the compulsory instruction of thrift in the public schools."

In accordance with the recommendation of this department, the Legislature this year has passed an Act to authorize savings banks to receive deposits from school children. The full Act will be found in Chapter 211, Acts of 1911, the substance of which is as follows:

"In order to encourage saving among the children of the schools of this Commonwealth, any savings bank may, with the written consent of and under regulations approved by the commissioner and, in the case of public schools, by the commissioner and the school committee in a city or town in which the school is situated, arrange for the collection of savings from the school children by the principal or teachers of such schools or by collectors. All moneys so collected shall be entered on an individual deposit card

furnished by the savings bank, but the total collections received by the savings bank from any one principal or teacher may be entered in the name of such principal or teacher as trustee. When, however, the amount deposited by any one pupil and credited on the deposit card equals the minimum amount upon which interest is allowed, the savings bank shall issue a pass book to such pupil and thereafter, when the amount deposited by the pupil and credited on the deposit card equals the sum of one dollar, it shall be transferred to the deposit book by the savings bank. The principal, teacher, or person authorized by the savings bank to make collections from the school children shall be deemed to be the agent of the savings bank, and the savings bank shall be liable to the pupil for all deposits made with such principal, teacher or other person and entered upon the deposit card, the same as if the deposit were made by the pupil directly with the savings bank."

In accordance with said section, this department approves the following regulations and requests your formal approval thereof :

(1) Any savings bank desiring to receive deposits from the pupils of any school shall, by vote of its Trustees, authorize the Treasurer to obtain the written consent of the Bank Commissioner and the School Committee therefor, or any school through its principal or the Superintendent of Schools may arrange to have a savings bank obtain such consent.

(2) No school shall act for more than one savings bank. In case more than one savings bank shall request permission to receive deposits from any one school, the School Committee shall decide which savings bank may act for such school.

(3) After any bank has been authorized to act for any school, its rights shall not be revoked except with the written consent of both the School Committee and the Bank Commissioner.

(4) Any pupil may become a depositor in the School Savings Bank on bringing one cent or more and depositing with the teacher or principal or representative of the bank.

(5) The one receiving the deposit shall enter upon an individual deposit card the name of the pupil making the deposit and the amount thereof, which card shall be returned to the pupil and kept by him or her.

(6) The deposit card is the receipt for the deposit. In case of its loss, immediate notice should be given to the teacher or person

receiving the deposit. One cent may be charged the pupil for a duplicate deposit card issued in place of one lost.

(7) When the deposit has been received from the pupil, it shall be entered by the person making the collection by name, date and amount in a book to be called "Pupils' Ledger."

(8) When the last collection of each month has been taken, or each week if desired, the one receiving the deposits from the pupils shall send to the head of the school bank a memorandum of the name of each pupil having a balance and the amount of such balance as shown on the "Pupils' Ledger." The form on which this information is made shall be called the "Monthly Balance Sheet" and shall be used by the head of the school bank or Savings Bank representative to check up the balance as appears on his "Collector's Ledger" and shall be returned for use the succeeding month.

(9) The head of the school bank on receiving the money from the collector shall enter the name of the collector and amount in a book, to be called "Collector's Ledger," which shall also show amounts transferred to individual pass books.

(10) The total amount so collected shall be entered on a deposit slip by amount only, and deposited with the savings bank by the head of the school bank, to his credit as trustee. Accompanying the deposit slip shall be a memorandum of those having sufficient balance to be entered upon a pass book, and the total of such amounts shall be entered as a charge against the trustee account.

(11) When there has been entered upon the deposit card the minimum amount on which the savings bank allows interest, the savings bank shall issue a deposit pass book therefor in its usual form, and thereafter, when the sums entered upon said deposit card amount to one dollar or multiples thereof, such deposit shall be entered by the bank upon the pupil's deposit pass book.

(12) Collections shall be made once in each school week between October 1st and June 1st of each school year.

(13) No sums shall be withdrawn by the pupil except upon the regular bank day by an order, in proper form, signed by the pupil and approved by the parent or guardian, or one in charge of the school bank.

(14) All deposit pass books shall be kept by the teacher or principal, or one in charge of the bank, in some safe and proper

place, but shall be delivered to the pupil at the close of the school year, or as often as may seem best to the one in charge.

(15) All books, cards, deposit tickets and blanks are to be furnished by the savings banks.

(16) No entries are to be made in the pass books except by the bank officials.

(17) No entries are to be made on deposit card except by the teacher or one receiving the deposit.

(18) Any interest earnings of the trustee account shall be first charged with expenses of blank forms and then turned over to the head of the school savings bank for such school uses as he may decide.

If the Superintendent of Schools desires, he may arrange with the Savings Bank, when mutually satisfactory, to have the work done by its own representative who will visit the schools once each week and receive all deposits and make all entries, thereby relieving the teachers of all the work.

Where this plan is chosen the rules and regulations governing the work will be the same as now prevail in the regular routine of the bank, except as they are modified by the provisions of chapter 211, Acts of 1911.

All amounts less than the minimum on which interest is allowed may be carried by the Savings Bank as a trustee account in the name of the school bank.

SUGGESTION.

It is hoped that the Committee will encourage this effort to cultivate thrift among the children by having the Superintendent of Schools or some member of the Committee take active charge of the installation in the schools and arrange to have each principal interest the teachers therein. It will be of more benefit to the pupils than to the savings bank, so the initiative should come from the schools. The teachers will find it does not entail great additional work after the system is in operation, not taking more than ten or fifteen minutes per week.

Very truly,

ARTHUR B. CHAPIN,

Bank Commissioner.

It can easily be seen by even a casual observer that the town will soon have to make different arrangements for the housing of the children in Ward 3 and Ward 5. The Hunt and the Tufts are in particularly poor repair, and no reasonable amount of money, no matter how well expended, would ever make these buildings suitable for school purposes according to present standards.

It seems to me that it would be well to consider the necessity of erecting a building which would accommodate all the children from that section. A study of the repair bills for the last ten years would easily convince anyone that it would not be economy to incur further expense when we consider the returns obtained in comfort and convenience for the children.

The Article which appears in the Warrant, asking for an appropriation to purchase the land directly back of the Hunt, is a move in the right direction, as this, together with the property which the town already possesses, would make an ideal building site.

The Bates and the Howe have recently been repaired, so they can be used for a number of years, but the crowded condition of the eighth and ninth grade room at the Bates is still a factor to be considered. It has been somewhat of a problem to provide seats for the sixty-two pupils who entered that room in September.

The steady increase in population in North Weymouth is causing the Athens to be overcrowded. There were sixty-two pupils in the first grade room in September, seventy in the third and fourth, and fifty in the eighth and ninth. It was necessary to give a double promotion to fourteen of those having the highest rank in the fourth grade in order to relieve the congestion in that room.

The money for the sewing is still being provided by the ladies of the Old Colony Club and Monday Club. One hundred thirty-three girls are taking the work, distributed as follows: Athens twenty-two, Humphrey fourteen, Hunt thirty-eight, Shaw fourteen, Pratt ten, Bates thirty-five. During the time that the girls are having sewing, the boys of the Bates, Pratt and Humphrey are having bench work. In the Hunt, Athens and Shaw the boys receive instruction in cane seating.

For a number of years the manual training at the Pratt has been under the supervision of the principal of the school and has

been done outside of school hours. This arrangement has never been satisfactory, as it interfered seriously with the regular school work, and there was always an element of uncertainty as to how long any child would continue in the course. Since September a teacher has been employed to give instruction in manual training one day per week. All the boys from the fifth to the ninth grade inclusive receive instruction regularly. The girls in the eighth and ninth grades inclusive go to the Bates for their work in sewing, while the girls of the fifth, sixth and seventh are taught by Miss Long, the regular teacher.

Very few changes have been made in the regular school work. New language books have been introduced in the fourth and fifth grades, and a new grammar has been placed in the ninth grade. Special emphasis is being given to the subject of spelling. A list of three hundred words is being taught in the first grade, and a graded spelling book has been placed in the hands of the pupils of the second, third and fourth grades. It is planned to have the spelling of a certain number of selected words taught carefully in each grade, these words to be kept constantly before the children during the year and then reviewed in the grades above. By this method it is expected that the pupils will acquire a more extensive vocabulary than they now have.

In writing, particularly in the upper grades, we are beginning to get results which would seem to justify the wisdom of having introduced a business system of penmanship. In several of the rooms the writing would compare favorably with the writing of the graduates of a business college. An exhibition, to be given in the spring under the direction of the supervisor, will give the parents an opportunity to mark the improvement in the different grades.

There have been twenty-two changes in the teaching force during the year, eighteen new teachers having been appointed and four teachers having been transferred to other positions. An increase in the number of pupils in the upper grades at South Weymouth made necessary the appointment of an assistant for Mr. Hollis. It was also necessary to employ an extra teacher at the Tufts in order to bring the number of pupils in the second, third and fourth grades below fifty. The addition of these two teachers counterbalanced the loss occasioned by the closing of the Pond and the Hollis schools.

In asking for an increase in the teachers' salaries three years ago, the Superintendent used as an argument the fact that there had been twenty-five changes in the teaching force in two years. In the last two years we have lost thirty-six teachers, which would seem to indicate that we need an increase in the salary schedule even more at the present time than we did then. The increase which was granted at that time was heartily appreciated, but as other towns made corresponding increases in their schedules, we occupy relatively the same position that we did previously. It will be absolutely necessary to raise the teachers salaries again if we wish to maintain our present standard of efficiency.

Teachers' meetings have been held at various times during the year, and grade meetings have been held each month since the opening of the schools in September.

In conclusion, I wish to express my appreciation of the careful and painstaking manner in which the teachers have done their work. I also wish to thank the Committee for the cordial support, which I have received at all times.

Respectfully submitted,

PARKER T. PEARSON,

Superintendent of Schools.

EAST WEYMOUTH, MASS., December 31, 1911.

Benediction Rev. George A. Grant

CLASS ODE.

RUTH STANTON PETTEE.

Glorious June—Nature in tune—
Laden with perfume of summer flowers
Courage imparts, builds up true hearts,
Testing their strength and displaying new powers.
We hail the new life, with fondest hopes rife,
O'er the border we step with a will.
Effort, endeavor, will always and ever
Life's waiting places fill.

Backward we turn; with pride our hearts burn
Reading in light the true story
That school-life has brought, with memories fraught,
With hopes of new joys, of new conquest and glory.
We speak the kind word in grateful hearts stirred
To those who assisted us all.
We grasp the hand of each one in our band
As new duties sound their call.

Joy then awake and courage take
 To meet all life's sacred duties
 With face toward the light and honor kept bright,
 We will win for ourselves new honors and trophies.
 With hope as our star we will pilot afar
 Our ship through the storm of life's sea.
 For our compass and chart shall ere be a stout heart,
 And service our motto be.
